CHAPTER – I Preliminary

1.	Short title and commencement	1
2.	Applicability	1
3.	Definitions	1

CHAPTER – II Reconnaissance and Prospecting Operations

4.	Scheme of reconnaissance or prospecting	4
5.	Modification of scheme of reconnaissance or prospecting	4
6.	Reconnaissance or Prospecting operations to be carried out in accordance with scheme of reconnaissance or prospecting	5
7.	Intimation about reconnaissance and prospecting operations	5
8.	Inspection	5
9.	Reports to be submitted by holder of a reconnaissance permit or prospecting licence or Reports to be submitted by holder of a reconnaissance permit or prospecting licence or composite licence or exploration licence or any other authorised agency	6
9A.	Restriction on disclosure of information, scheme and reports	7

CHAPTER – III Mining Operations

10.	Competent Authority	7
11.	Mining operations under mining lease	8
12.	Prospecting and mining operations	9
13.	Open cast working	10
14.	Separate stacking of non-saleable minerals	10
15.	Underground mining operations	11
16.	Sub-grade minerals to be brought to surface	12
17.	Prohibition of reduction of blocks	12
18.	Beneficiation studies to be carried out	12
19.	Machinery and plant	13
20.	Notice for opening of mine	13
21.	Abandonment of mines	13
22.	Mine Closure Plan	14
23.	Submission of progressive Mine Closure Plan	14
24.	Submission of final mine closure plan	14
25.	The modification of mine closure plan	15
26.	Responsibility of the holder of mining lease	15
27.	Financial assurance	15
28.	Notice of temporary discontinuance of work in mines and obligations of lease holders	17
29.	Intimation of reopening of a mine	17
30.	Stoping of vein, etc.	17

CHAPTER – IV

Plans and Sections

31.	General requirements about plans and sections	18
32.	Types of plans and sections	19
33.	Copies of plans and sections to be submitted	22
34.	Preparation of plans	22
34A.	Digital aerial images of mining lease area	22

CHAPTER – V

Sustainable Mining

35.	Sustainable mining	23
36.	Removal and utilization of top soil	25
37.	Storage of overburden, waste rock, etc.	25
38.	Precaution against ground vibration	25
39.	Control of surface subsidence	25
40.	Precaution against air pollution	26
41.	Discharge of toxic liquid	26
42.	Precaution against noise	26
43.	Permissible limits and standards	26
44.	Restoration of flora	26

CHAPTER – VI

Notice and Returns

45.	Monthly and annual returns	26
46.	Notice of certain appointments	32
47.	Notice of shaft sinking and bore holes	32
48.	Records of shafts and boreholes	33
49.	Change in the name of mine to be intimated	33
50.	Notice of transfer of composite licence or exploration licence or mining lease	33
51.	Notice of amalgamation of mining lease	33
52.	Transfer of records to transferees	33
53.	Copies of notices or returns and reports to be submitted to the State Government	34
54.	Copies of notices and returns and reports to be maintained	34

CHAPTER – VII

Employment of Geologists and Mining Engineers

55.	Employment of geologist and mining engineer	34
56.	Duties of geologist	37
57.	Duties of mining engineer	38

CHAPTER – VIII

Examination of minerals and Issue of Directives

58.	Power to issue directions	38
59.	Examination of mineral deposits and taking of samples	39
60.	Prohibition of deployment in certain cases	39

CHAPTER – IX
Revision and Penalty

61.	Revision	40
62.	Penalty	41

CHAPTER – X
Miscellaneous

63.	Preservation of cores, etc.	42
64.	Facilities of undertaking research or training	42
65.	Submission of records or reports regarding research in geology or mining	42
66.	Territorial jurisdiction of Controller of Mines and Regional Controller	43
67.	Obligation to supply other information	43
68.	Provision of these rules to be applicable to Central Government and State Governments	43
69.	Exercise powers	43
70.	Saving of Act 33 of 1962	44
71.	Review of format and manuals	44
71A.	Day of completion of any requirement	44

GOVERNMENT OF INDIA MINISTRY OF MINES

New Delhi, the 27th February, 2017

NOTIFICATION

G.S.R. 169(E) dated 27.02.2017—In exercise of the powers conferred by section 18 of the Mines and Minerals (Regulation and Development) Act, 1957 (67 of 1957), and in supersession of the Mineral Conservation and Development Rules, 1988, except as respects things done or omitted to be done before such supersession, the Central Government hereby makes the following rules, namely:- Mineral Conservation and Development Rules, 2017.

CHAPTER I

Preliminary

1. Short title and commencement.-(1) These rules may be called the Mineral Conservation and Development Rules, 2017.

(2) These rules shall come into force on the date of their publication in the Official Gazette.

2. Applicability.- These rules shall apply to all minerals, except –

- (i) petroleum and natural gas;
- (ii) coal, lignite and sand for stowing; and
- (iii) minor minerals:

Provided that the State Government may by notification extend the application of any of the provisions of these rules, with such modification as may be deemed necessary and appropriate, to minor minerals:

Provided further that the powers and responsibilities to be exercised by the Central Government or the Indian Bureau of Mines in respect of minerals other than minor minerals shall be exercisable by the State Government or State Directorate of Mining and Geology (by whatever named called) or any other authority subordinate to the State Government as may be notified by the State Government while extending the application of these rules to minor minerals.

3. Definitions.– (1) In these rules, unless the context otherwise requires,–

- (a) “abandonment of mine” means the final closure of a mine, either whole or part thereof, when the mineral deposits within the mine or part thereof have been fully extracted or when the mining operations thereon have become uneconomic;
- (b) “Act” means the Mines and Minerals (Development and Regulation) Act, 1957 (67 of 1957);
- (c) “authorised officer” means– (i) an officer of the Indian Bureau of Mines duly authorised in writing by the Controller General, Indian Bureau of Mines; or (ii) an officer authorised in this behalf by the State Government to perform the functions under these rules; or (iii) an officer of the Atomic Minerals Directorate for Exploration and Research authorised in writing by the Director, Atomic Minerals Directorate for Exploration and Research, to perform the functions under these rules in respect of minerals specified in Part B of the First Schedule to the Act where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016;

- (d) “beneficiation” means processing of minerals or ores for the purpose of upgrading the quality, purity or assay grade of the desired product by removing unwanted constituents like gangue minerals or tailings;
- ¹[(e) “calibrated lump ore” means the sized iron ore lumps obtained after crushing and screening of the run-of-mine ore, having size range between 5 mm and 40 mm and minimum Fe grade of 60% and above;]
- (f) “Chief Controller of Mines” means the Chief Controller of Mines of the Indian Bureau of Mines;
- (g) “competent authority” means the competent authority referred to in rule 10;
- (h) “Controller General” means the Controller General of the Indian Bureau of Mines;
- (i) “Controller of Mines” means the Controller of Mines of the Indian Bureau of Mines;
- (j) “cores” means the samples of sub-surface rocks or mineralised zone obtained during drilling of boreholes;
- (k) “development” means the driving of an opening to or in an ore-body or seam or removing overburden or unproductive or waste materials as preparatory to mining or stoping;
- (l) “environment” and “environmental pollution” shall have the same meanings as assigned respectively to them in the Environment (Protection) Act, 1986 (29 of 1986);
- (m) “final mine closure plan” means a plan for the purpose of decommissioning, reclamation and rehabilitation of a mine or part thereof after cessation of mining and mineral processing operations, that has been prepared in the manner specified in the standard format and guidelines issued by the Indian Bureau of Mines or the Director, Atomic Minerals Directorate for Exploration and Research in respect of minerals specified in Part B of the First Schedule to the Act where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016;
- (n) “final mine closure” means steps taken for reclamation and rehabilitation of a mine or part thereof commencing from cessation of mining or processing operations in a mine or part thereof;

¹ Substituted by G.S.R.232(E) dated 16th April, 2025

- (o) “financial assurance” means the security or guarantee furnished by the holder of a mining lease in accordance with rule 27;
- (p) “Form” means a Form set forth in the Schedule;
- (q) “geologist” means a person appointed by the holder of a mineral concession to perform the duties of a geologist under these rules;
- (r) “mining engineer” means a person appointed by the holder of a mineral concession to perform the duties of a mining engineer under these rules;
- (s) “mineral rejects” include all the excavated materials that do not constitute useful material, which may be rejected either on the basis of grade or size;
- (t) “progressive mine closure plan” means a progressive plan for the purpose of providing protective, reclamation and rehabilitation measures in a mine or part thereof that has been prepared in the manner specified in the standard format and guidelines issued by Indian Bureau of Mines or the Director, Atomic Minerals Directorate for Exploration and Research in respect of minerals specified in Part B of the First Schedule to the Act where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016, from time to time;
- (u) “Regional Controller” means the Regional Controller of Mines of the Indian Bureau of Mines;
- (v) “schedule” means the schedule annexed to these rules;
- (w) “section” means a section of the Act;
- (x) “shaft” means a vertical or inclined way or opening leading from the surface to workings below ground or from one part of the workings below ground to another and includes an incline;
- (y) “stoping” means making any underground excavation other than development working made for the purpose of winning ores or minerals and includes extraction or splitting or reduction of pillars or blocks of minerals;
- (z) “temporary discontinuance” means the planned or unplanned suspension of mining operations in a mine or part thereof and where the operations are likely to be resumed not earlier than one hundred and twenty days; and
- (za) “year” means the twelve months period beginning from the first day of April and ending on the thirty-first day of March of the following year.

(2) Words and expressions used but not defined herein shall have the same meaning as assigned to them in the Act or the rules made thereunder.

²[(3) Throughout these rules, wherever any power, function or responsibility of the Indian Bureau of Mines or its officers is specified or any information is to be submitted to the Indian Bureau of Mines or its officers, the same shall be deemed as power, function or responsibility of the Atomic Minerals Directorate for Exploration and Research or its officers or requirement of submission of information to the said Directorate or its officers in respect of minerals specified in Part B of the First Schedule to the Act where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016, in the following manner, namely:-

- (a) any reference to the Indian Bureau of Mines, to be deemed as reference to the Atomic Minerals Directorate for Exploration and Research;
- (b) any reference to the Controller General or the Chief Controller of Mines or the Controller of Mines or the Regional Controller or the authorised officer of Indian Bureau of Mines, to be deemed as reference to the Director or as the case may be, the authorised officer of Atomic Minerals Directorate for Exploration and Research.]

CHAPTER II

Reconnaissance and Prospecting Operations

4. Scheme of reconnaissance or prospecting.— ³[(1) Every holder of a reconnaissance permit or prospecting licence or the preferred bidder selected for grant of composite licence or exploration licence, shall submit to the Controller General or the authorised officer a scheme of reconnaissance or prospecting or both, as the case may be, within a period of ninety days from the date of execution of the permit or licence or issuance of letter of intent, indicating the manner in which he proposes to carry out the reconnaissance or prospecting operations or both in the area covered under the permit or licence.]

(2) The scheme of reconnaissance or prospecting ⁴[or both] shall be prepared in the format as may be specified by the Indian Bureau of Mines from time to time:

Provided that in respect of minerals specified in Part B of the First Schedule to the Act where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016, the scheme of reconnaissance or prospecting shall be prepared in the format as may be specified by the Director, Atomic Minerals Directorate for Exploration and Research.

5. Modification of scheme of reconnaissance or prospecting.— (1) A scheme of reconnaissance or prospecting ⁵[or both] prepared and submitted under rule 4 may be modified at any time on geological considerations by the holder of a

reconnaissance permit or prospecting licence or ⁶[composite licence]⁷[or exploration licence] or as directed by the Controller General ⁸[***] or the authorised officer, as the case may be, during continuance of the reconnaissance or prospecting operations.

(2) Any modification carried out under sub-rule (1) shall be intimated to the Controller General ⁹[***] or the authorised officer, as the case may be, by the holder of a reconnaissance permit or prospecting licence or ¹⁰[composite licence]¹¹[or exploration licence] within a period of thirty days of carrying out such modification.

¹²[(3) In case of exploration licence, a modified scheme of reconnaissance or prospecting or both shall be submitted to the Controller General or the authorised officer after three years from the date of execution of the licence, indicating the manner in which the licensee proposes to continue the reconnaissance and prospecting operations in the area retained under the licence under sub-section (11) of section 10BA.]

6. Reconnaissance or prospecting operations to be carried out in accordance with scheme of reconnaissance or prospecting.— Every holder of a reconnaissance permit or prospecting licence or ¹³[composite licence] ¹⁴[or exploration licence] shall carry out the reconnaissance or prospecting operations in accordance with the scheme submitted under rule 4 or with such modifications, if any, as provided under rule 5 or as directed by the ¹⁵[Controller General] or the authorised officer.

7. Intimation about reconnaissance and prospecting operations. – Every holder of a reconnaissance permit or prospecting licence or ¹⁶[composite licence] ¹⁷[or exploration licence] shall send to the Regional Controller or authorised officer and the State Government, an intimation in Form A of the Schedule about the commencement of reconnaissance or prospecting operations, as the case may be, so as to reach them within a period of fifteen days of such commencement.

8. Inspection.—(1) The holder of a prospecting license or ¹⁸[composite licence]¹⁹[or exploration licence] shall allow any authorised officer to examine at any time, the accounts maintained by him and shall furnish to the authorised officer,

⁶ Omitted by G.S.R.780(E) dated 3rd November, 2021

⁷ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹³ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁴ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹⁵ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁶ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁷ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹⁸ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁹ Inserted by G.S.R. 51(E), dated 21st January, 2024

such information and returns as the authorised officer may require.

(2) The holder of a prospecting license or ²⁰[composite licence] ²¹[or exploration licence] shall also allow any authorised officer to inspect any ²²[reconnaissance or prospecting operations] carried on by him including the core logs and samples generated during the ²³[reconnaissance or prospecting operations].

- 9. Reports to be submitted by holder of a reconnaissance permit or prospecting licence or ²⁴[composite licence] ²⁵[or exploration licence] or any other authorised agency.—** ²⁶[(1) Every holder of a reconnaissance permit or prospecting licence or composite licence or exploration licence shall submit to the Regional Controller or the authorised officer in this behalf, as the case may be, and to the State Government, a half-yearly report along with Form B of the Schedule-I as under, namely:—
- (i) report of the operations undertaken from 1st January to 30th June or part period thereof to reach by 15th August of each year; and
 - (ii) report of operations undertaken from 1st July to 31st December or part period thereof to reach by 15th February of each year.

(1A) The exploration licensee shall, within three months of the completion of the operations for which licence has been granted, or from the date of expiry of the exploration licence, whichever is earlier, submit geological report to the State Government and to the Controller General or the authorised officer of the Indian Bureau of Mines, as the case may be, explaining the result of the reconnaissance and prospecting operations in the form of a geological report prepared under rule 5 of the Minerals (Evidence of Mineral Contents) Rules, 2015; identifying the area suitable for grant of a mining lease.]

(2) The format of the reporting under sub-rule (1) shall be specified by the Indian Bureau of Mines:

Provided that in respect of minerals specified in Part B of the First Schedule to the Act where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016, the format of reporting shall be specified by the Director, Atomic Minerals Directorate for Exploration and Research.

²⁷[(3) Every agency authorised under the second proviso to sub-section (1) of section 4 shall submit to the State Government and the authorised officer a half-yearly report along with Form B of the Schedule-I as per the stipulated period provided in sub-rule (1).]

²⁰ Substituted by G.S.R.780(E) dated 3rd November, 2021

²¹ Inserted by G.S.R. 51(E), dated 21st January, 2024

²² Substituted by G.S.R. 51(E), dated 21st January, 2024

²³ Substituted by G.S.R. 51(E), dated 21st January, 2024

²⁴ Substituted by G.S.R.780(E) dated 3rd November, 2021

²⁵ Inserted by G.S.R. 51(E), dated 21st January, 2024

²⁶ Substituted by G.S.R. 51(E), dated 21st January, 2024

²⁷ Substituted by G.S.R. 51(E), dated 21st January, 2024

(4) In case the ²⁸[reconnaissance or prospecting operations] are abandoned, the report along with Form B of the Schedule shall be submitted within a period of thirty days from the date of such abandonment.

(5). The authorised officer, upon receipt of a request made by the holder of a ²⁹[reconnaissance permit, prospecting licence] or ³⁰[composite licence] in this regard, shall keep the specified portions of the geological report or data confidential for a period of two years from the date of expiry of the mineral concession, or abandonment of operations or termination of the mineral concession, whichever is earlier.

³¹[9A. Restriction on disclosure of information, scheme and reports — The holder of exploration licence shall not in any manner disclose the information, scheme and reports prepared under these rules or any other geological information related to reconnaissance or prospecting operations to any person other than the Government or authority specified in these rules or any other rules made under the Act, without prior approval of the Central Government.]

CHAPTER III

Mining Operations

10. Competent Authority.— (1) The Controller General or an officer of Indian Bureau of Mines authorised in writing by the Controller General shall be the competent authority to take decisions with respect to a mining plan approved by any officer of the Indian Bureau of Mines, pursuant to clause (b) of sub-section (2) of section 5.

(2) The State Government shall be the competent authority to approve a mining plan required for grant of a mining lease, prepared and certified in accordance with the system established by the State Government pursuant to the proviso to clause (b) of sub-section (2) of section 5 and approved by the Central Government:

Provided that the Controller General or an officer of Indian Bureau of Mines authorised in writing by the Controller General shall be the competent authority to take decisions with respect to monitoring and implementation of such mining plans approved by the State Government.

(3) The Director, Atomic Minerals Directorate for Exploration and Research or an officer of the Atomic Minerals Directorate for Exploration and Research authorised in writing by the Director, Atomic Minerals Directorate for Exploration and Research shall be the competent authority to take decisions with respect to a mining plan pursuant to clause (b) of sub-section (2) of section 5, in respect of minerals specified in Part B of the First Schedule to the Act, where the

²⁸ Substituted by G.S.R.780(E) dated 3rd November, 2021

²⁹ Substituted by G.S.R.780(E) dated 3rd November, 2021

³⁰ Substituted by G.S.R.780(E) dated 3rd November, 2021

³¹ Inserted by G.S.R. 51(E), dated 21st January, 2024

grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016.

11. Mining operations under mining lease.– (1) No holder of a mining lease shall commence or carry out mining operations in any area except in accordance with the mining plan approved, modified or reviewed by the Indian Bureau of Mines or prepared and certified in accordance with the system established by the State Government pursuant to the proviso to clause (b) of sub-section (2) of section 5 or approved by the competent authority of the Atomic Minerals Directorate for Exploration and Research, in respect of minerals specified in Part B of the First Schedule to the Act where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016.

(2) If the mining operations are not carried out in accordance with the approved or certified mining plan or any information contained in the mining plan is found to be incorrect, misleading or non-compliant with applicable laws including these rules, the competent authority may by order, suspend all or any of the mining operations and permit continuance of only such operations as are required to restore the conditions in the mine as envisaged under the approved or certified mining plan or modified mining plan, for the purpose of restoration to the extent possible:

Provided that the lessee shall be informed in writing about the violation and if the violation is not rectified within a period of forty-five days, a show cause notice shall be issued asking reasons why the mining operations should not be suspended and, further, if no satisfactory reply is received within a period of thirty days, the mining operations shall be suspended:

Provided further that the competent authority may revoke the suspension after compliance by rectifying the violation pointed out in this regard.

(3) Every approved mining plan shall be subjected to review and updation in every five years as per provision of sub-rule (1) of rule 17 of the Minerals (Other than Atomic and Hydro Carbon Energy Minerals) Concession Rules, 2016:

Provided that the review and updation of the approved mining plan every five years shall be as per the norms as specified by the Atomic Minerals Directorate for Exploration and Research, in respect of minerals specified in Part B of the First Schedule to the Act, where the grade of such atomic minerals is ³²[equal to or above] the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016.

(4) The holder of a mining lease shall submit the mining plan to the competent authority for review at least one hundred and eighty days before the expiry of five years period for which it was approved on the last occasion, for mining operations for a period of five subsequent years.

³² Substituted by G.S.R.780(E) dated 3rd November, 2021

³³[Provided that if the mining or mineral processing operations in a mine is discontinued for a period exceeding two hundred and seventy days before the expiry of a period of five years for which the mining plan was approved on the last occasion; and the holder of the mining lease has submitted prescribed notice to the authorised officer and the State Government under rule 28, the holder shall not be required to submit mining plan for review during the period of such temporary discontinuation, but shall submit the mining plan for review and obtain approval of the competent authority on the same before reopening of the mine.]

12. Prospecting and mining operations.—(1) The prospecting and mining operations shall be carried out in such a manner so as to ensure systematic development of mineral deposits, conservation of minerals and protection of the environment.

(2) The prospecting licence or ³⁴[composite licence] ³⁵[or exploration licence] holder shall carry out exploration as per the norms provided in the Minerals (Evidence of Mineral Contents) Rules, 2015:

Provided that the exploration norms shall be specified by the Atomic Minerals Directorate for Exploration and Research, in respect of minerals specified in Part B of the First Schedule to the Act.

(3) The holder of a mining lease shall carry out detailed exploration (G1 level) over the entire potentially mineralised area under the mining lease, ³⁶[in the manner specified in the Minerals (Evidence of Mineral Contents) Rules, 2015 or the Atomic Minerals Concession Rules, 2016, as the case may be,] within a period of five years from the date of opening of the mine after execution of such mining lease.

³⁷[(4) In the case of existing mining leases, detailed exploration (G1 level) over the entire potentially mineralised area under the mining lease shall be carried out in the manner specified in the Minerals (Evidence of Mineral Contents) Rules, 2015 or the Atomic Minerals Concession Rules, 2016, as the case may be, within a period of five years from the date of commencement of these rules.]

³⁸[(4A) In case of mining leases covered under sub-section (6) of section 8A of the Act where the date of expiry of the period of such lease is on or before 31st March, 2022, the holders of such mining lease shall carry out general exploration (G2 level) over the entire mineralised area under the mining lease in the manner specified in the Minerals (Evidence of Mineral Contents) Rules, 2015 and prepare and submit to the State Government and the Indian Bureau of Mines, a

³³ Inserted by G.S.R. 51(E), dated 21st January, 2024

³⁴ Substituted by G.S.R.780(E) dated 3rd November, 2021

³⁵ Inserted by G.S.R. 51(E), dated 21st January, 2024

³⁶ Inserted by G.S.R.780(E) dated 3rd November, 2021

³⁷ Substituted by G.S.R.780(E) dated 3rd November, 2021

³⁸ Substituted by G.S.R.780(E) dated 3rd November, 2021

Geological Study Report prepared in the manner specified in the said rules before the 31st March, 2022 or date of expiry of lease, whichever is earlier.

(4B) For the exploration done under sub-rule (3) and (4), the holder of mining lease shall submit to the State Government and the Indian Bureau of Mines, a Geological Study Report prepared in the manner specified in the Minerals (Evidence of Mineral Contents) Rules, 2015, within three months after the completion of the exploration work.

(4C) The State Government shall conduct technical audit of Geological Study Report as submitted under this rule for its verification and in case lease holder fails to perform his duties as so specified, the State Government may, after giving the lease holder an opportunity of being heard, take such action for enforcing compliance, as it deems fit.]

(5) The sampling of drill cores or chips, pit samples and trench samples shall be done for the entire mineralised portion at regular intervals, preferably meter wise or less, and chemical analysis for the major radical shall be done for all the samples.

(6) Mineral resources shall be estimated periodically based on exploration carried out and the resources shall be estimated up to the threshold value of the mineral, as may be notified by Indian Bureau of Mines, from time to time and the updated resources shall be furnished in the Review of the Mining Plan at the interval of five years.

(7) Indian Bureau of Mines shall review the threshold values of minerals periodically in consultation with the stakeholders.

13. Open cast working. – (1) In open cast workings, the benches formed shall be so arranged that the benches in ore or mineral and overburden are separate so as to avoid mixing of waste with the ore or minerals.

(2) The benches in overburden shall be kept sufficiently in advance so that their workings do not interfere with the working of ore or minerals.

(3) Orientation of the workings and sequence of mining operations shall be such that different grades of ore or minerals can be obtained simultaneously for blending with a view to achieve optimum recovery of ore or minerals from the deposit.

14. Separate stacking of non-saleable minerals.– (1) All the non-saleable or un-usable minerals or ores above the threshold value of the mineral, as may be notified by Indian Bureau of Mines from time to time, or otherwise shall be stacked separately on the ground earmarked for the purpose:

Provided that in case of beach sand mineral deposits comprising of Ilmenite, Rutile, Zircon, Monazite, Sillimanite, Garnet, Leucoxene, etc., sufficient precautions shall be taken to separate and stack the waste sand or tailings from

the associated minerals in order to avoid mixing of waste sand with the associated minerals.

(2) The mineral or ore stock above the limit specified in the threshold values of minerals or otherwise, shall be properly maintained indicating the quantity and quality of all such material stacked, and the month-wise inventory of such materials shall be updated:

Provided that in respect of minerals specified in Part B of the First Schedule to the Act, the mineral or ore stock, irrespective of the grade of such atomic minerals whether it is above or below the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016 shall be properly maintained indicating the quantity and grade of all such material stacked, and the month-wise inventory of such materials shall be updated and sent to the Atomic Minerals Directorate for Exploration and Research and the Indian Bureau of Mines and the concerned State Government.

Provided further that the lessee shall be required to maintain a month-wise inventory of the accurate material quantity of monazite and other prescribed substances extracted, starting from run of mine to stock yard, which shall be furnished to the Atomic Minerals Directorate for Exploration and Research and the Indian Bureau of Mines and the State Government on a monthly basis.

(3) The overburden and waste material obtained during mining operations shall not be allowed to be mixed with the materials as specified in sub-rule (1).

(4) The ground selected for dumping of overburden, waste material, the sub-grade or non-saleable ores or minerals shall be proved for absence or presence of underlying mineral deposits before it is brought into use for dumping.

15. Underground mining operations.—(1) Underground mining operations shall be carried out in such a way so as to achieve optimum ore or mineral recovery.

(2) The method of underground development of the deposit shall be planned in accordance with the method of stoping, which shall be selected with due consideration of the geology of the deposit and geo-technical properties of the ore and the adjoining rocks.

(3) The size of development openings, size of blocks and pillars shall be such that the workings remain stable during the development and stoping stages and between such stages.

(4) The stoping practices shall be such as to cause minimum disturbance to the surface.

(5) In case of a doubt as to the optimum ore or mineral recovery under sub-rule (1) or the method of underground development under sub-rule (2), or size of openings, blocks or pillars under sub-rule (3) or the stoping practices under sub-rule (4), it shall be referred to the Chief Controller of Mines for decision.

(6) The Chief Controller of Mines may order such investigations and tests to be carried out as are considered necessary before arriving at a decision on any matter referred to him under sub-rule (5).

(7) As far as practicable the complete width of the ore or mineral body shall be worked:

Provided that the Chief Controller of Mines may permit in writing, leaving of certain portions in underground if it is necessary for support or protection to the mine workings.

16. Sub-grade minerals to be brought to surface.-(1) All the sub-grade ore or minerals wherever obtained from underground workings shall be brought to the surface instead of leaving or packing them underground, which shall be stacked separately at the earmarked place.

17. Prohibition of reduction of blocks.-All the blocks formed in underground workings shall be regular in size and shape and once a block is formed, it shall not be split or reduced in size until the stage of commencement of stoping:

Provided that the Chief Controller of Mines may permit reduction in the size of blocks on an application in writing made by the holder of the mining lease giving reasons for doing the same.

18. Beneficiation studies to be carried out.-(1) If the Controller General ³⁹[or the authorised officer of Indian Bureau of Mines] or an authorised officer of the Atomic Minerals Directorate for Exploration and Research, as the case may be, having due regard to the nature of mining operations and grade of ore or mineral is of the view that the sub-grade ore or mineral contains certain recoverable product, he may direct the holder of the mining lease to get the beneficiation investigations carried out from a laboratory accredited by National Accreditation Board for Testing and Calibration or an International Organization for Standardization laboratory approved by the Indian Bureau of Mines or the Atomic Minerals Directorate for Exploration and Research.

(2) The report of the beneficiation investigations so carried out under sub-rule (1) shall be submitted to the Controller General ⁴⁰[or the authorised officer of Indian Bureau of Mines] or an authorised officer of the Atomic Minerals Directorate for Exploration and Research, as the case may be, immediately after the investigation is over.

(3) In a mine having a beneficiation plant, feed products and tailings shall be regularly sampled and analysed at suitable intervals and records of the same maintained:

Provided that the Controller General ⁴¹[or the authorised officer of Indian Bureau of Mines] or an authorised officer of the Atomic Minerals Directorate for Exploration and Research, as the case may be, may require the sampling and analysis to be done at any other interval than in practice from a laboratory

³⁹ Inserted by G.S.R.780(E) dated 3rd November, 2021

⁴⁰ Inserted by G.S.R.780(E) dated 3rd November, 2021

⁴¹ Inserted by G.S.R.780(E) dated 3rd November, 2021

accredited by National Accreditation Board for Testing and Calibration or an International Organization for Standardization laboratory approved by the Indian Bureau of Mines or the Atomic Minerals Directorate for Exploration and Research:

(4) The Controller General ⁴²[or the authorised officer of Indian Bureau of Mines] or an authorised officer of the Atomic Minerals Directorate for Exploration and Research, as the case may be, may carryout periodic process audit of the beneficiation plants to assess the possibility of further improvements in the beneficiation process.

19. Machinery and plant.-(1) Where heavy earth moving machinery is used in mines, the holder of a mining lease shall maintain log books duly authenticated by the manager or mining engineer of such mines in respect of each machine showing date-wise account of hours worked, hours not worked, reasons for non-working, consumption of fuel or energy and lubricants and output of the machine during the corresponding working hours.

(2) The summary of operation of each machine shall be recorded in the log book at the end of each month bringing out the percentage availability and percentage utilisation of the machine, average hourly performance and average fuel or energy consumption per hour.

(3) The log books may be maintained in electronic form or in hard copy and shall be made available to the authorised officer on demand.

20. Notice for opening of mine.-(1) The holder of a mining lease shall send to the authorised officer, as the case may be, an intimation in Form C of the Schedule of the opening of a mine so as to reach them within fifteen days of such opening, which shall be accompanied with a copy of the approved mining plan, in case the mine is being opened after a lapse of five years period from the date of approval of the mining plan.

21. Abandonment of mines.-(1) The holder of a mining lease shall not abandon a mine during the subsistence of the lease except with the prior permission in writing of the authorised officer, as the case may be.

(2) The holder of a mining lease shall send to the authorised officer, as the case may be, a notice in Form D of the Schedule of his intention to abandon a mine so as to reach them at least ninety days before the intended date of such abandonment, which shall be accompanied by plans and sections on a scale as specified in rule 31 setting forth accurately the work done in the mine up to the time of submission of the notice including the measures envisaged for the protection of the abandoned mine or part thereof, the approaches thereto and the environment:

Provided that the authorised officer, as the case may be, may require the plans and sections to be prepared on any other suitable scale.

⁴² Inserted by G.S.R.780(E) dated 3rd November, 2021

(3) The authorised officer, as the case may be, may by an order in writing made before the proposed date of abandonment, prohibit abandonment or allow it to be done with such conditions as he may specify in the order.

(4) The holder of a mining lease shall not abandon a mine unless a final mine closure plan duly approved by the competent authority, is implemented, and for this purpose, the lessee shall be required to obtain a certificate from the authorised officer, as the case may be, to the effect that protective, reclamation and rehabilitation work in accordance with the final mine closure plan or with such modifications as approved by the competent authority have been carried out before abandonment of mine.

(5) The holder of a mining lease shall continue to be liable to provide the financial assurance and pay for any expenditure over and above the performance security incurred by the State Government towards protective reclamation and rehabilitation measures in the leased area of the mining lease.

22. Mine Closure Plan.- (1) Every mine shall have mine closure plans, which shall be of two types; namely:—

- (i) a progressive mine closure plan; and
- (ii) a final mine closure plan.

(2) Every holder of a mining lease shall take steps to prepare mine closure plans as per the guidelines and format given by the Indian Bureau of Mines from time to time:

Provided that where the State Government has set up a system for preparation, certification and monitoring of mining plan pursuant to the proviso to clause (b) of sub-section (2) of section 5, such guidelines and formats shall be prescribed by the State Government:

Provided further that in respect of minerals specified in Part B of the First Schedule to the Act, where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016, such guidelines and formats shall be prepared in the format as may be specified by the Director, Atomic Minerals Directorate for Exploration and Research.

23. Submission of progressive mine closure plan.-The holder of a mining lease shall submit to the competent authority a progressive mine closure plan as a component of the mining plan, at the time of submission, modification and review of the mining plan.

24. Submission of final mine closure plan.-(1) The holder of a mining lease shall submit a final mine closure plan to the competent authority for approval two years prior to the proposed closure of the mine ⁴³[or surrender of the entire or part area of the mining lease, accompanied by such fee as may be specified by the Indian Bureau of Mines].

(2) The competent authority shall convey his approval or refusal of the final

⁴³ Inserted by G.S.R.780(E) dated 3rd November, 2021

mine closure plan within ninety days of the date of its receipt to the holder of the mining lease.

⁴⁴[(3) Non-submission of final mine closure plan within the period specified under sub-rule (1) will attract the forfeiture of financial assurance, or, as the case may be, performance security as applicable for a mining lease wherein the Mine Development and Production Agreement has been signed between the lessee and the State Government and performance security has been submitted.]

25. The modification of mine closure plan.—(1) The holder of a mining lease desirous of seeking modifications in the approved mine closure plan, shall submit to the competent authority for approval setting forth the intended modifications and explaining the reasons for such modifications.

(2) The competent authority may approve the modifications as submitted under clause (1), or approve with such alterations as he may consider expedient.

26. Responsibility of holder of a mining lease.— (1) The holder of a mining lease shall have the responsibility to ensure that the protective measures including reclamation and rehabilitation works have been carried out in accordance with the approved mine closure plan or with such modifications as approved by the competent authority.

(2) The holder of mining lease shall submit to the competent authority a yearly report as per the format specified by the Indian Bureau of Mines, before 1st day of July report every year ⁴⁵[along with annual return] setting forth the extent of protective and rehabilitative works carried out as envisaged in the approved mine closure plan, and if there is any deviation, reasons thereof:

Provided that where the State Government has set up a system for preparation, certification and monitoring of mining plan pursuant to the proviso to clause (b) of sub-section (2) of section 5, such format shall be prescribed by the State Government:

Provided further that in respect of minerals specified in Part B of the First Schedule to the Act where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016, such format shall be prescribed by the Director, Atomic Minerals Directorate for Exploration and Research.

27. Financial assurance.—(1) A financial assurance shall be furnished by the holder of the mining lease, for due and proper implementation of the progressive mine closure plan contained in the mining plan or the final mine closure plan, as the case may be, which shall be an amount of ⁴⁶[five lakh rupees for Category ‘A’ mines and three lakh rupees for Category ‘B’ mines], per hectare of the

⁴⁴ Inserted by G.S.R.780(E) dated 3rd November, 2021

⁴⁵ Inserted by G.S.R.780(E) dated 3rd November, 2021

⁴⁶ Substituted by G.S.R.780(E) dated 3rd November, 2021

mining lease area put to use for mining and allied activities:

Provided that the minimum amount of financial assurance to be furnished under sub-rule (1), shall be ten lakh rupees for Category 'A' mines and five lakh rupees for Category 'B' mines:

⁴⁷[Provided further that the provisions of sub-rule (1) shall not be applicable for a mining lease wherein the Mine Development and Production Agreement has been signed between the lessee and the State Government and performance security has been submitted.]

(2) Where financial assurance is required to be furnished by the holder of the mining lease under sub-rule (1), such amount of financial assurance shall be submitted to the authorised officer, as the case may be, in the form of a bank guarantee in the format specified by the Indian Bureau of Mines:

Provided that where financial assurance has already been furnished before the commencement of these rules, an amount equal to the difference between the financial assurance due as on the date of notification of these rules and the financial assurance already furnished, shall be furnished to the authorised officer, as the case may be, within a period of ninety days from the date of notification of these rules:

Provided further that the holder of a mining lease shall be required to enhance the amount of financial assurance with the increase in the area of mining and allied activities:

Provided also that where a leaseholder undertakes reclamation and rehabilitation measures as part of the progressive closure of mine, the amount so spent shall be reckoned as sum of the financial assurance already spent by the leaseholder and the total amount of financial assurance, to be furnished by the lessee, shall be reduced to that extent.

(3) Release of financial assurance shall be effective upon the notice given by the lessee for the satisfactory compliance of the provisions contained in the final mine closure plan and certified by the authorised officer, as the case may be.

(4) If the authorised officer, as the case may be, has reasonable grounds for believing that the protective, reclamation and rehabilitation measures as envisaged in the progressive mine closure plan contained in the approved mining plan or the final mine closure plan, in respect of which financial assurance was furnished, has not been or will not be carried out in accordance with the mining plan or the final mine closure plan, either fully or partially, the authorised officer, as the case may be, shall give the lessee a written notice of his intention to issue the orders for forfeiting the sum assured at least thirty days prior to the date of the order to be issued.

⁴⁷ Substituted by G.S.R.780(E) dated 3rd November, 2021

(5) Within thirty days of the receipt of notice referred to in sub-rule (4), if no satisfactory reply has been received in writing from the lessee, the authorised officer, as the case may be, shall pass an order for forfeiting the surety amount and a copy of such order shall be endorsed to the concerned State Government.

(6) Upon the issuance of order by the authorised officer, as the case may be, the concerned State Government may realize the bank guarantee provided or obtained as financial assurance for the purpose of performance of protective, reclamation, rehabilitation measures and shall carry out those measures, or appoint an agent to do so.

28. Notice of temporary discontinuance of work in mines and obligations of lease holders.—(1) Subject to the provisions of section 4A, the holder of a mining lease shall send to the authorised officer, as the case may be, and the State Government a notice in Form E when the mining or mineral processing operations in the mine or part thereof are discontinued for a period exceeding ninety days so as to reach them within one hundred and twenty days from the date of such temporary discontinuance.

(2) Where the discontinuance takes place as a result of the occurrence of a natural calamity beyond the control of the holder of a mining lease or in compliance with any order or directions issued by any statutory authority established under any law in force or any tribunal or a court, a notice shall be submitted to the authorised officer, as the case may be, within a period of fifteen days of such discontinuance in Form-E.

(3) During the temporary discontinuation of a mine or part thereof, it shall be the responsibility of the holder of a mining lease to—

- (a) comply with the reasonable prohibitive measures to restrict access for unauthorised entry;
- (b) provide protective measures to potentially danger sources of electrical and mechanical installations, and the mine openings or workings and all other structures;
- (c) ensure that all contaminated effluents are controlled and all physical, chemical, biological monitoring programmes are continued;
- (d) ensure that all rock piles, over burden piles and stock piles and tailings, and other water impoundment structure are maintained in stable and safe conditions.

29. Intimation of reopening of a mine.—The holder of a mining lease shall send to the authorised officer, as the case may be, and the State Government an intimation in Form C of the Schedule of reopening of a mine after temporary discontinuance, so as to reach them within fifteen days from the date of such reopening.

30. Stopping of vein, etc.— (1) No stoping shall be commenced, conducted or carried out except with prior permission in writing of the competent authority.

(2) The holder of a mining lease shall send to the authorised officer, as the case may be, and the State Government a notice in Form F of the Schedule intimating his intention to commence the stoping of any vein, lode, reef or mineral deposit, so as to reach them at least sixty days before the date of commencement of such operations.

(3) Such notice shall be accompanied by plans and sections on a scale of not less than 1 cm = 10 meters showing the details of the block proposed to be stoped, the manner of stoping and the mineralised and barren zones indicating estimated percentages recovery from stopes:

Provided that the authorised officer, as the case may be, by an order in writing and subject to such conditions as he may specify therein, permit or require the plans and sections to be prepared on any other suitable scale.

(4) The authorised officer, as the case may be, may by an order made before the proposed date of commencement of stoping operations, prohibit the stoping or allow it to be done under such conditions as may be specified in such order.

CHAPTER IV

Plans and Sections

31. General requirements about plans and sections.- (1) Every plan or section prepared or submitted in accordance with the provisions of these rules shall-

- (a) show the name of the mine and of the holder of the mining lease and the purpose for which the plan or section is prepared;
 - (b) show the true north or the magnetic meridian and the date of ⁴⁸[observation];
 - (c) show a scale of the plan at least twenty-five centimeters long and suitably sub-divided;
 - (d) unless otherwise provided, be on a scale having a representative factor of –
 - (i) 1:500 in case of mines having small-scale workings;
 - (ii) 1:2000 in case of mines having large open cast working and also in case of surface plans of large leasehold areas; and
 - (iii) 1:1000 in other cases:
- Provided that the competent authority may, by an order in writing and subject to such conditions as he may specify therein, permit or require the plans to be prepared on any other suitable scale;
- (e) be digitally prepared in the format as may be specified by the Indian Bureau of Mines.

⁴⁸ Substituted by G.S.R.780(E) dated 3rd November, 2021

(2) The conventions provided under the Metalliferous Mines Regulations, 1961, shall be used in preparing all plans and sections required under these rules.

(3) The plans and sections shall be accurate within such limits of error as the Controller General may specify by a general or special order.

(4) The plans and sections required under these rules shall be maintained up to date ⁴⁹[showing also the respective proposal of approved mining plan for various activities pertaining to that year, within three months] in case of category 'A' mines as referred to in clause (a) of sub-rule (2) of rule 55, and within twelve months in the case of any other mine.

32. Types of plans and sections.- (1) The holder of a mining lease shall keep the following digitally prepared plans and sections, namely:—

(a) a surface plan showing location and number of the boundary pillars along with its latitude and longitude values, every surface feature within the mining lease boundaries, such as building, telephone, power transmission line, water pipeline, tramline, railway, road, river, water-course, reservoir, tank, bore-hole, shaft and incline opening, opencast working, dumps and dumping ground, the waste land, forest, sanctuaries, agricultural land and ⁵⁰[grazing land, surface benefications plants], tailing ponds and other workings within the lease;

(b) a surface geological plan of the area of leasehold showing-

- (i) all the lithological units exposed in the area, in the pits, trenches and in any other openings made for prospecting and mining operations showing contact between lithological units;
- (ii) structural details like strike, dip, fold, fault, plunge of ore body;
- (iii) location of prospecting pits, trenches, boreholes and any other openings made for prospecting or mining operations;
- (iv) existing mine workings, dumps, stacks of ore;
- (v) section lines at regular intervals from one boundary to the other of the lease;
- (vi) contour at not more than ten metres interval;
- (vii) exploration limits such as G1, G2, G3 and G4 as per the United Nations Framework Classification;

(c) a transverse section or sections of the workings through the shaft or shafts and main adits indicating clearly the strike and dip of the vein, lode, reef, mineral bed or deposit at different points, and such sections of the strata sunk or driven through in the mine or proved by boreholes, as may be available;

(d) a longitudinal mine section or sections showing a vertical projection of the mine workings including outlines of all stoped out areas, where a reef, vein, lode or mineral bed or deposit or part thereof has dip exceeding thirty

⁴⁹ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁵⁰ Substituted by G.S.R.780(E) dated 3rd November, 2021

degrees from the horizontal plane:

Provided that, with the permission in writing of the competent authority and subject to such conditions as he may specify therein, such sections may be prepared in relation to any other suitable plane;

- (e) an underground plan, applicable for underground mines, showing -
 - (i) the position of the workings of the mine below ground;
 - (ii) every borehole and shaft (with depth), drive, cross-cut, winze, raise, excavation (stoped ground) and every tunnel and air passage connected therewith;
 - (iii) every pillar or block of mineral left for the support of any structure on the surface; and underground magazines, if any;
 - (iv) the general strike of the veins, lodes, reefs and mineral beds or deposits;
 - (v) the position of every dyke, fault and other geological disturbance with the amount and direction of throw.

(2) Whenever the underground plan referred to in clause (e) of sub-rule (1) is brought up-to-date, the then position of the workings shall be shown by a dotted line drawn through the ends of the workings, and such dotted line shall be marked with the date of the last survey:

Provided that the competent authority may, by an order in writing and subject to such conditions as he may specify therein, approve any other method of showing the up-to-date position of the workings of the mine.

(3) Where different reefs, lodes, veins or mineral beds or deposits overlies or run parallel to one another, the workings of each reef, lode, vein or mineral bed or deposit shall be shown on separate plan or longitudinal section or sections:

Provided that if two reefs, lodes, veins or mineral beds or deposits are so situated in relation to each other that the parting between workings made therein is less than ten meters at any place, such workings shall also be shown on a combined plan or longitudinal section, as the case may be, in different colours.

(4) The plans kept under clauses (a) and (e) of sub-rule (1) shall also show the settled boundary of the mining lease, or where the boundary is in dispute, the boundaries claimed by the holder of the mining lease and by the holders of the mining lease adjacent to the disputed boundary:

Provided that where it is not possible to show the complete boundary of leasehold on the same plan an additional key plan on any other suitable scale showing such boundaries and the outline of the workings shall also be maintained.

(5) The holder of a mining lease shall keep the following, namely:—

- (a) a key plan on a scale of 1: 50,000 incorporating the following:
 - i. an administrative surface map showing the boundary of the mining lease, and the adjoining area lying preferably within five kilometres thereof;

- ii. contours at not more than twenty meters intervals;
- iii. natural drainage system such as rivers, streams, nalahs, water reservoirs, ponds, lakes, irrigation dams and canals;
- iv. roadways and railways;
- v. places of historical and archaeological importance, monuments, places of worship, pilgrimage and of tourist interest;
- vi. forests with tree density, sanctuaries, wastelands, agricultural lands, grazing lands;
- vii. boundaries of all villages and towns with their population;
- viii. predominant wind direction;
- ix. any other relevant features:

Provided that where topographical map is classified as restricted, the particulars referred to in items (i) to (ix) shall be incorporated in the key plan to the extent available in the administrative surface maps;

- (b) an environment plan of the area of mining lease inclusive of the adjoining area within five hundred meters of the boundary of a lease area on 1: 5000 scale incorporating the following:
 - (i) an administrative surface map showing the boundary of the mining lease;
 - (ii) contour lines at five meters intervals;
 - (iii) all features indicated in sub-clauses (iii) to (viii) of clause (a) above;
 - (iv) area occupied by mine workings, area deforested, area covered by dump with the height of the dump, processing plant, surface building, workshop, mining township;
 - (v) area reclaimed and area afforested, location of protective barriers, check dams erected to contain solid and liquid effluents generated by prospecting, mining, beneficiation or metallurgical operations carried out in the mine;
 - (vi) all pumping stations and the courses of discharge of mine water;
 - (vii) any other relevant features:

Provided that the particulars with regard to items (ii), (iv) and (v) shall be applicable only up to sixty meters beyond the boundary of lease area.

- (6) The competent authority may, by an order in writing, require such additional details to be shown on the plans and sections required to be kept under these rules or the preparation and maintenance of such plans and sections showing such details and on such scale and within such time as he may specify in the order.
- (7) The competent authority may, by an order in writing, require the holder of a mining lease to provide him within such time, such plans and sections, or tracings thereof, as he may specify in the order.

33. Copies of plans and sections to be submitted.— The holder of a mining lease shall, on or before the 30th day of June every year submit to the authorised officer, as the case may be, and the State Government, a digital copy along with a print copy of the surface geological plans and sections maintained under rule 32⁵¹[alongwith the annual return].

34. Preparation of plans.—(1) All digitally prepared plans, sections and print copies thereof kept at the mine shall be suitably indexed.

⁵²[(1A) All plans and sections shall be prepared by using a combination of Differential Global Positioning System (DGPS) or Total Station or by the use of drone survey or as may be specified in this regard by the Indian Bureau of Mines in relation to certain or all category of leases.]

(2) Every plan, section or part thereof prepared under these rules shall carry thereon a certificate for its correctness and shall be signed by the mining engineer with date:

Provided that the geological plans and sections shall be certified and signed by the geologist employed under rule 55.

(3) Every copy of a plan and section or part thereof submitted or maintained under these rules shall bear a reference to the original plan or section from which it was copied and shall be certified thereon by the holder of the mining lease to be a true copy of the original plan or section.

⁵³[**34A. Digital aerial images of mining lease area.**— (1) Every lessee having—

(a) an annual excavation plan of one million tonne or more in a particular year;
or

(b) leased area of fifty hectare or more,

shall carry out a drone survey of the leased area and upto hundred metres outside the lease boundary in the month of April or May every year and submit the processed output [digital elevation model (DEM) and Orthomosaic] images obtained from such survey or any other format as may be specified by the Indian Bureau of Mines in this regard to the Controller General on or before 1st day of July every year.

(2) Every lessee, other than those covered under sub-rule (1), shall submit soft copy of high resolution Georeferenced Ortho-rectified Multispectral satellite images of the leased area and upto hundred metres outside the lease boundary taken in the month of April to June of every year, to the Controller General on or before 1st day of July of the that year in the standards formats such as GeoTIFF along with metadata or any other format as may be specified by the Indian Bureau of Mines in this regard:

⁵¹ Inserted by G.S.R.780(E) dated 3rd November, 2021

⁵² Inserted by G.S.R.780(E) dated 3rd November, 2021

⁵³ Inserted by G.S.R.780(E) dated 3rd November, 2021

Provided that the lessee who has submitted images under sub-rule (3) shall not be required to submit the images under this sub-rule for the year in which images are submitted under sub-rule (3).

(3) Every lessee shall carry out a drone survey of his leased area and upto hundred metres outside the lease boundary within six months before submission of any mining plan document or modification thereto to the Indian Bureau of Mines for approval and shall submit processed output [digital elevation model (DEM) and Orthomosaic] images obtained from such survey or any other format as may be specified by the Indian Bureau of Mines in this regard to the concerned Regional Controller of Mines and the Controller General along with the application for approval or modification of mining plan:

Provided that the lessee who has submitted the images under sub-rule (1) on or before the 1st day of July falling immediately before submission of mining plan document, shall not be required to submit the same under sub-rule (3).

(4) All preferred bidders who are issued with a letter of intent for grant of a mining lease shall carry out a drone survey of the mining block granted through auction and upto hundred metres outside the block boundary and submit the processed output [digital elevation model (DEM) and Orthomosaic] images obtained from such survey or any other format as may be specified by the Indian Bureau of Mines in this regard along with the mining plan to the Regional Controller and the Controller General.

(5) The standard operating procedure for carrying out the drone survey and form of the data to be submitted shall be specified by the Indian Bureau of Mines from time to time:

Provided that the Indian Bureau of Mines may specify any alternate mechanism for survey and submission of data or images other than the mechanism specified in sub-rules (1) to (4), in case of any restriction on use of drones under any law for the time being in force regulating the use of drones.]

CHAPTER V

Sustainable Mining

35. Sustainable mining. – (1) Every holder of a mining lease shall take all possible precautions for undertaking sustainable mining while conducting prospecting, mining, beneficiation or metallurgical operations in the area.

⁵⁴[(2) Every holder of a mining lease shall monitor his mining and allied activities as per the template of star rating in the format specified in this behalf by the Indian Bureau of Mines from time to time, and shall submit online its self-assessment report before the 1st day of July every year for the previous financial year, alongwith the digital images of mining lease area under rule 34A, to the Regional Controller or the authorised officer of the Indian Bureau of Mines:

⁵⁴ Substituted by G.S.R.780(E) dated 3rd November, 2021

Provided that those mining lease holders who do not fill and submit the template as specified shall be deemed self-assessed star rating below the qualifying star rating as provided under sub-rule (4) and action shall be initiated accordingly.]

⁵⁵[Provided that if the mining or mineral processing operations in a mine is discontinued for a period exceeding one hundred and eighty days during the previous financial year; and the holder of the mining lease has submitted prescribed notice to the authorised officer and the State Government under rule 28, the holder shall not be required to submit the report and images for the said previous financial year.]

(3) The confirmation of the star rating may be done by the authorised officer of the Indian Bureau of Mines through inspection.

⁵⁶[(4) Every holder of a mining lease shall achieve at least three-star rating within a period of four years with effect from the 27th February, 2017 or four years from the date of commencement of mining operations, as the case may be, and thereafter maintain the same on year-on-year basis.

(4A) The Regional Controller or the authorised officer of the Indian Bureau of Mines may suspend the mining operations in those mines where,—

(a) at least three-star rating has not been achieved within a period of four years with effect from the 27th February, 2017 or four years from the date of commencement of mining operations, as the case may be, or

(b) at least three-star rating has not been maintained on year-on-year basis, or

(c) where the lessee has failed to submit the star rating template,

after giving a show cause notice of forty-five days to qualify for star rating or submit star rating template, as the case may be.

(4B) In case of non-filing of template as stated in sub-rule (2), the holder of mining lease shall be liable to pay an amount of ten thousand rupees per day for such delay to the authorised officer of the Indian Bureau of Mines.]

(5) The suspension shall be revoked only after verification through inspection of compliance of the star rating requirement specified in sub-rule (4) that the mine qualifies for ⁵⁷[three star rating]:

Provided that in respect of minerals specified in Part B of the First Schedule to the Act, where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016, the action for confirmation and compliance of star rating as provided in ⁵⁸[sub-rules (3), (4), (4A), (4B) and (5)] shall be taken by the authorised officer of the Atomic Minerals Directorate for Exploration and Research.

⁵⁵ Inserted by G.S.R. 51(E), dated 21st January, 2024

⁵⁶ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁵⁷ Substituted by G.S.R.570(E) dated 13th August, 2019

⁵⁸ Substituted by G.S.R.780(E) dated 3rd November, 2021

36. Removal and utilisation of top soil.—(1) Every holder of a prospecting licence, ⁵⁹[composite licence] ⁶⁰[, exploration licence] or a mining lease shall, wherever top soil exists and is to be excavated for prospecting or mining operations, remove it separately.

(2) The top soil so removed shall be utilised for restoration or rehabilitation of the land which is no longer required for prospecting or mining operations or for stabilising or landscaping the external dumps.

(3) Whenever the top soil is unable to be utilised concurrently, it shall be stored separately for future use.

37. Storage of overburden, waste rock, etc.— (1) Every holder of a prospecting licence, ⁶¹[composite licence] ⁶²[, exploration licence] or a mining lease shall take steps so that the overburden, waste rock, rejects and fines generated during prospecting and mining operations or tailings, slimes and fines produced during sizing, sorting and beneficiation or metallurgical operations shall be stored in separate dumps.

(2) The dumps shall be properly secured to prevent escape of material therefrom in harmful quantities which may cause degradation of environment and to prevent causation of floods.

(3) The site for dumps, tailings or slimes shall be selected as far as possible on impervious ground to ensure minimum leaching effects due to precipitations.

(4) Wherever possible, materials such as waste rock and overburden shall be back-filled into the mine excavations with a view to restoring the land to its original use as far as possible.

(5) Wherever back-filling of waste rock in the area excavated during mining operations is not feasible, the waste dumps shall be suitably terraced and stabilized through vegetation or otherwise.

(6) The fines, rejects or tailings from mine, beneficiation or metallurgical plants shall be deposited and disposed in a specially prepared tailings disposal area such that they are not allowed to flow away and cause land degradation or damage to agricultural field, pollution of surface water bodies and ground water or cause floods.

38. Precaution against ground vibrations.—Whenever any damage to public buildings or monuments is apprehended due to their proximity to the mining lease area, the holder of the mining lease shall carry out scientific investigations so as to keep the ground vibrations caused by blasting operations within safe limit.

39. Control of surface subsidence. – Stopping in underground mines shall be so carried out as to keep surface subsidence under control.

⁵⁹ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁶⁰ Inserted by G.S.R. 51(E), dated 21st January, 2024

⁶¹ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁶² Inserted by G.S.R. 51(E), dated 21st January, 2024

40. Precaution against air pollution.— Every holder of prospecting licence ⁶³[, composite licence, exploration licence] or a mining lease shall take all possible measure to keep air pollution due to fines, dust, smoke or gaseous emissions during prospecting, mining, beneficiation or metallurgical operations and related activities within permissible limits.

41. Discharge of toxic liquid.— (1) Every holder of prospecting licence, ⁶⁴[composite licence] ⁶⁵[, exploration licence] or a mining lease shall take all possible precautions to prevent or reduce the discharge of toxic and objectionable liquid effluents from mine, workshop, beneficiation or metallurgical plants, tailing ponds, into surface water bodies, ground water aquifer and useable lands, to a minimum.

(2) The effluents referred to in sub-rule (1) shall be suitably treated, if required, to conform to the standards laid down in this regard.

42. Precaution against noise.— The holder of prospecting licence, ⁶⁶[composite licence] ⁶⁷[, exploration licence] or a mining lease shall take all possible measure to control or abate noise arising out of prospecting, mining, beneficiation or metallurgical operations at the source so as to keep it within the permissible limits.

43. Permissible limits and standards.— The standards and permissible limits of all pollutants, toxins and noise referred to in rules 40, 41 and 42 shall be such as may be notified by the concerned authorities under the provisions of the relevant laws for the time being in force.

44. Restoration of flora.— Every holder of prospecting licence, ⁶⁸[composite licence] ⁶⁹[, exploration licence] or a mining lease shall carry out prospecting or mining operations, as the case may be, in accordance with applicable laws and in such a manner so as to cause least damage to the flora of the area held under prospecting licence, ⁷⁰[composite licence] ⁷¹[, exploration licence] or mining lease and the nearby areas.

CHAPTER VI

Notices and Returns

45. Monthly and annual returns. – (1) The holder of a ⁷²[mineral concession],

⁶³ Inserted by G.S.R. 51(E), dated 21st January, 2024

⁶⁴ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁶⁵ Inserted by G.S.R. 51(E), dated 21st January, 2024

⁷¹ Inserted by G.S.R. 51(E), dated 21st January, 2024

⁷² Substituted by G.S.R.780(E) dated 3rd November, 2021

or any person or company engaged in trading or storage or end-use or ⁷³[export or import] of minerals ⁷⁴[***], shall cause himself to be registered online with the Indian Bureau of Mines as per application specified in Form K of the Schedule and the registration number so allotted by the Indian Bureau of Mines shall be used for all purposes of online reporting and correspondence connected therewith.

(2) For the purpose of registration under sub-rule (1), the holder of a ⁷⁵[mineral concession], or any person or company engaged in trading or storage or end-use or ⁷⁶[export or import] of minerals, shall apply for registration in electronic form, within one month from the date of ⁷⁷[grant or registration of the permit, licence or lease deed, as the case may be,] or before the commencement of trading operation or storage or end-use or ⁷⁸[export or import] of minerals, as the case may be.

(3) The Indian Bureau of Mines shall allot and record the registration number in the register referred to in sub-rule (4).

(4) The Indian Bureau of Mines shall maintain an online register giving details of the holder of a ⁷⁹[mineral concession], or any person or company engaged in trading or storage or end-use or ⁸⁰[export or import] of minerals, as the case may be, as registered under the provisions of these rules, which shall be made available to the general public for inspection on demand, and also posted on the website of the Indian Bureau of Mines.

(5) The holder of a mineral lease shall submit online returns in respect of each mine to the ⁸¹[Regional Controller and the authorised officer] of the Indian Bureau of Mines in the following manner, namely:-

(a) ⁸²[***]

(b) a monthly return which shall be submitted before the tenth day of every month in respect of the preceding month in electronic form along with a signed print copy of the same if it is not digitally signed, in the respective form as indicated below:-

(i) for all minerals except copper, gold, lead, pyrite, tin, tungsten, zinc, precious and semi-precious stones, in Form F1 of the Schedule;

⁷³ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁷⁴ Omitted by G.S.R.780(E) dated 3rd November, 2021

⁷⁵ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁷⁶ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁷⁷ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁷⁸ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁷⁹ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁸⁰ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁸¹ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁸² Omitted by G.S.R.780(E) dated 3rd November, 2021

- (ii) for copper, gold, lead, pyrite, tin, tungsten and zinc, in Form F2 of the Schedule; and
 - (iii) for precious and semi-precious stones, in Form F3 of the Schedule;
- (c) an annual return which shall be submitted before the 1st day of July each year for the preceding financial year in electronic form, along with a signed print copy of the same if it is not digitally signed, in the respective Form as indicated below:-
- (i) for all minerals except copper, gold, lead, pyrite, tin, tungsten, zinc, precious and semi-precious stones, in Form G1 of the Schedule;
 - (ii) for copper, gold, lead, pyrite, tin, tungsten and zinc, in Form G2 of the Schedule;
 - (iii) for precious and semi-precious stones, in Form G3 of the Schedule;

Provided that in the case of abandonment of a mine, the annual return shall be submitted within one hundred and fifty days from the date of abandonment.

- (6) Any person or company engaged in trading or storage or end-use or ⁸³[export or import] of minerals, shall submit online to the Indian Bureau of Mines and concerned State Government, where the said person or company is sourcing the minerals, the returns in electronic form, along with a print copy of the same if it is not digitally signed, in the following manner, namely:-
- (a) a monthly return which shall be submitted before the tenth day of every month in respect of the preceding month in Form L of the Schedule;
 - (b) an annual return which shall be submitted before the first day of July of each year for the preceding financial year in Form M of the Schedule.
- (7) If it is found that the holder of a mining lease or the person or company engaged in trading or storage or end-use or ⁸⁴[export or import] of minerals, as the case may be, has submitted incomplete or wrong or false information in ⁸⁵[***] monthly or annual returns or fails to submit a return within the date specified; then,-
- (a) in the case of mining of minerals by the holder of a mineral lease, the Regional Controller of Mines ⁸⁶[or the authorised officer of the State Government may],-
 - (i) order suspension of all mining operations ⁸⁷[and dispatches] in the mine and to revoke the order of suspension only after ensuring proper compliance;

⁸³ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁸⁴ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁸⁵ Omitted by G.S.R.780(E) dated 3rd November, 2021

⁸⁶ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁸⁷ Inserted by G.S.R.780(E) dated 3rd November, 2021

- (ii) take action to initiate prosecution under these rules;
 - (iii) recommend termination of the mining lease, in case such suppression or misrepresentation of information indicates abetment or connivance of illegal mining;
- (b) in the case of trading or storage or end-use of minerals, the State Government, where the person or company engaged in trading or storage or end-use of minerals is sourcing the minerals, shall order suspension of—
 - (i) trading licence (by whatever name it is called);
 - (ii) all transportation permits issued to such person or company for mineral transportation (by whatever name it is called);
 - (iii) storage licence for stocking minerals (by whatever name it is called);
 - (iv) permits for end-use industry of minerals (by whatever name it is called);

as the case may be, of such person or company engaged in trading or storage or end-use of minerals, and may revoke the order of suspension only after ensuring proper compliance;

- (c) in the case of ⁸⁸[export or import] of minerals, the Directorate General of Foreign Trade shall order suspension of permits for carrying out such ⁸⁹[export or import] of minerals of such person or company engaged in ⁹⁰[export or import] of minerals, and may revoke the order of suspension only after ensuring proper compliance:

⁹¹[***]

⁹²[(7A) (i) Before taking any action specified under sub-rule (7), the relevant authority shall issue a show cause notice to the holder of a mining lease or the person or company, as the case may be, informing about the violation made under sub-rule (7) and asking reasons as to why action under sub-rule (7) shall not be taken against such holder, person or company and shall give thirty days time for reply and rectification of the violation stated in such notice;

(ii) if such holder, person or company,—

(a) rectifies the violation stated in the show cause notice and deposit within the said period of thirty days, such amount as specified in Schedule II for the

⁸⁸ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁸⁹ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁹⁰ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁹¹ Omitted by G.S.R.780(E) dated 3rd November, 2021

⁹² Inserted by G.S.R.780(E) dated 3rd November, 2021

period from due date of submission of return till the date of rectification of violation, no further action shall be taken;

(b) does not provide satisfactory reply or rectify the violation within the said period of thirty days, the mining operations and dispatches may be suspended and any action under sub-rule (7) may be initiated;

(iii) the suspension of mining operations may be revoked only after the rectification of violation as indicated in the violation-cum-show cause notice and after deposition of such amount as specified in Schedule II for the period from due date of submission of return till the date of rectification of violation.]

(8) In case of mining of minerals by the holder of a ¹[mineral concession], the—

(a) sale value is the gross amount payable by the purchaser as indicated in the sale invoice, where the sale transaction is on an arms' length basis and the price is the sole consideration for the sale, excluding taxes, if any.

Explanation.— For the purpose of computing sale value, no deduction from the gross amount shall be made in respect of royalty, payments to the District Mineral Foundation and payments to the National Mineral Exploration Trust;

(b) ex-mine price of mineral grade or concentrate shall be,—

(I) where export has occurred, the total of, sale value on free-on-board (F.O.B) basis, less the actual expenditure incurred beyond the ¹[mineral concession] area towards —

- (i) transportation charges by road;
- (ii) loading and unloading charges;
- (iii) railway freight (if applicable);
- (iv) port handling charges or export duty;
- (v) charges for sampling and analysis;
- (vi) rent for the plot at the stocking yard;
- (vii) handling charges in port;
- (viii) charges for stevedoring and trimming;
- (ix) any other incidental charges incurred outside the ¹[mineral concession] area as notified by the Indian Bureau of Mines from time-to-time, divided by the total quantity exported;

(II) where domestic sale of mineral has occurred, the total of sale value of the mineral, less the actual expenditure incurred towards loading, unloading, transportation, rent for the plot at the stocking yard, charges for sampling and analysis and any other charges beyond ¹[mineral concession] area as notified by the Indian Bureau of Mines from time-to-time, divided by the total quantity sold;

(III) where sale has occurred, between related parties and is not on arms' length basis, then such sale shall not be recognised as a sale for the purposes of this rule and in such case, sub-clause (IV) shall be

applicable;

- (IV) where the sale has not occurred, the average sale price published monthly by the Indian Bureau of Mines for that mineral grade or concentrate for a particular State:

Provided that if for a particular mineral grade or concentrate, the information for a State for a particular month is not published by the Indian Bureau of Mines, the last available information published for that mineral grade or concentrate for that particular State by the Indian Bureau of Mines in the last six months previous to the reporting month shall be referred, failing which the latest information for all India for the mineral grade or concentrate, shall be referred;

- (V) the per unit cost of production in case of captive mines.

- (9) In case of trading or storage or end-use or ⁹³[export or import] of minerals, for purpose of filing of returns, the value of the mineral grade or concentrate shall be,—

- (a) where sale of the mineral grade or concentrate has occurred and the sale transaction is on an arms' length basis and the price is the sole consideration for the sale, the sale value of the mineral grade or concentrate recorded in the invoice;
- (b) where sale has not occurred, the product of average sale price published monthly by the Indian Bureau of Mines for a particular mineral grade or concentrate for a particular State and the quantity dispatched or procured:

Provided that if for a particular mineral grade or concentrate, the information for a State for a particular month is not published by the Indian Bureau of Mines, the last available information published for that mineral grade or concentrate for that particular State by the Indian Bureau of Mines in the last six months previous to the reporting month shall be referred, failing which the latest information for all India for the mineral grade or concentrate, shall be referred.

- (10) If more than one mineral is produced from the same mine, return shall be submitted along with the relevant parts of the specified forms for each mineral separately.

- (11) In case of temporary discontinuance of mining or suspension of mining, or temporary discontinuance or suspension of trading or storage or end-use or ⁹⁴[export or import] of minerals, the holder of a mining lease, or the person or company engaged in trading or storage or end-use or ⁹⁵[export or import] of minerals, as the case may be, shall submit return in the specified form for the

⁹³ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁹⁴ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁹⁵ Substituted by G.S.R.780(E) dated 3rd November, 2021

mineral for which return had been submitted earlier and furnish relevant particulars, inclusive of “Nil” information, if any.

(12) In case ownership of the mine or the trading or storage or end-use or ⁹⁶[export or import] company changes during the reference period, separate returns shall be filed by each owner for the respective periods of ownership.

(13) For the purpose of regulation of transportation of minerals, all persons and companies owning trucks or any other motorised vehicle used for transportation of mineral by road or through water way shall be required to be registered with the Directorate of Mining and Geology or the Department handling mining matters in the State Government, and the lessee shall maintain trip-sheets (either in the form of written record or on computers) of the vehicles, the nature and weight of mineral and the approximate time of the trip and its destination.

46. Notice of certain appointments.— The holder of the prospecting licence or ⁹⁷[composite licence] ⁹⁸[or exploration licence] or the mining lease shall,—

- (a) when any new appointment of an agent, mining engineer, geologist or any person is made under sub-rule (1) of rule 55; or
- (b) when the employment of any such person is terminated or any such person leaves the said employment; or
- (c) when any change occurs in the address of any such person, within fifteen days from the date of such appointment, termination, leaving or change in address, give a notice in Form H of the Schedule to the authorised officer, as the case may be.

47. Notice of shaft sinking and boreholes.— The holder of a mining lease or the holder of a prospecting licence or ⁹⁹[composite licence] ¹⁰⁰[or exploration licence] shall send an intimation in Form I of the Schedule to the authorised officer, as the case may be, within fifteen days after the commencement of any of the following operations, namely:—

- (a) the sinking of trial shaft or borehole to a depth exceeding ten meters from the surface; or
- (b) the extension of an existing shaft or borehole to a depth exceeding ten meters; or
- (c) the sinking of a new shaft or boreholes commencing from underground workings:

⁹⁶ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁹⁷ Substituted by G.S.R.780(E) dated 3rd November, 2021

⁹⁸ Inserted by G.S.R. 51(E), dated 21st January, 2024

⁹⁹ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁰⁰ Inserted by G.S.R. 51(E), dated 21st January, 2024

Provided that the authorised officer, as the case may be, may permit such intimation to be given collectively within such extended period as may be specified by him.

48. Records of shafts and boreholes.— (1) The holder of a mining lease or the holder of a prospecting licence or ¹⁰¹[composite licence] ¹⁰²[or exploration licence] shall keep a record in Form-J of all shafts or boreholes and shall retain such records and preserve the samples of the strata passed through for a period of not less than twelve months after the completion of the work or abandonment thereof:

Provided that the records of boreholes and shafts exceeding one hundred metres length shall not be destroyed except with the prior approval of the authorised officer, as the case may be.

¹⁰³**[49. Change in name of mine to be intimated.** – The State Government may, on its own or on receipt of an application from the lessee, change the name of a mine and upon such change it shall intimate the same to the lessee and Regional Controller within thirty days of such change.]

50. Notice of transfer of ¹⁰⁴**[composite licence]** ¹⁰⁵**[or exploration licence]** **or mining lease.**— Every holder of a ¹⁰⁶[composite licence] ¹⁰⁷[or exploration licence] or a mining lease who transfers the mineral concession or any right, title or interest thereof, in accordance with the provisions of the Act or the rules made thereunder, to any other person, shall, within thirty days of the date of such transfer, send an intimation thereof in Form N of the Schedule to the Controller General and the authorised officer, as the case may be.

51. Notice of amalgamation of mining lease.— Without prejudice to the provisions of the Act or any rules made thereunder or the terms and conditions of a mining lease, every holder of a mining lease shall, within thirty days of the date of amalgamation of mining leases carried out under rule 56 of the Minerals (Other than Atomic and Hydro Carbons Energy Minerals) Concession Rules, 2016 or in accordance with rule 33 of the Atomic Minerals Concession Rules, 2016, as the case may be, send an intimation thereof to the Regional Controller and the State Government and the authorised officer, as the case may be.

52. Transfer of records to transferees.— When the ownership of a ¹⁰⁸[composite licence] ¹⁰⁹[or exploration licence] or a mining lease is transferred as per provisions of Act or any rules made thereunder, the previous owner or his agent shall make over to the new owner or his agent within a period of seven days of

¹⁰⁹ Inserted by G.S.R. 51(E), dated 21st January, 2024

the transfer of the ownership, borehole cores along with records and samples preserved, if any, all plans, sections, reports, registers and other records maintained in pursuance of the Act, rules or orders made thereunder, and all correspondence relevant thereto relating to the ¹¹⁰[composite licence] ¹¹¹[or exploration licence] or mining lease; and when the requirements of these rules have been duly complied with, both previous and the new owners or their respective agents shall forthwith send to the State Government and the authorised officer, as the case may be, a detailed list of borehole cores, plans, sections, reports, registers and other records that have been transferred.

53. Copies of notices or returns and reports to be submitted to State Government.—The holder of a mining lease or a holder of a prospecting licence or ¹¹²[composite licence] ¹¹³[or exploration licence] shall simultaneously submit a copy each of the notice or return or report required to be submitted under these rules to the State Government concerned in whose territory the mine or the prospecting area is situated, or to such authority as that Government may specify in this behalf.

54. Copies of notices and returns and reports to be maintained.—The holder of a mining lease or a holder of a prospecting licence or ¹¹⁴[composite licence] ¹¹⁵[or exploration licence] shall maintain the labour attendance register, production and dispatch register, royalty assessment register,—

- (a) details of contribution made to District Mineral Foundation and National Mineral Exploration Trust;
- (b) details of payments made to the State Government in terms of percentage of value of minerals dispatched as quoted in the bidding;
- (c) details of expenditure incurred towards the mine closure activities, explosives consumption register, bore hole logs along with the chemical analysis reports, mineral analysis reports, sub-grade or mineral reject stack register along with the grade; and
- (d) details of mining machinery and copies of all notices and returns, plans, sections and schemes submitted to the authorised officer or the State Government or the Regional Controller under these rules,

at an office established in the area where mining or prospecting operations are carried on, and these shall be made available at all reasonable times to the authorised officer, as the case may be, for inspection.

CHAPTER VII

Employment of Geologists and Mining Engineers

55. Employment of geologists and mining engineers.—(1) For the purpose of

¹¹⁰ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹¹¹ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹¹² Substituted by G.S.R.780(E) dated 3rd November, 2021

¹¹³ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹¹⁴ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹¹⁵ Inserted by G.S.R. 51(E), dated 21st January, 2024

carrying out reconnaissance, prospecting or mining operations in accordance with these rules,—

1. every holder of reconnaissance permit shall employ a whole-time geologist;
2. every holder of prospecting licence or a ¹¹⁶[composite licence] ¹¹⁷[or exploration licence] shall employ a whole-time geologist and a part-time mining engineer;
- ¹¹⁸[3. every holder of a mining lease shall employ, in case of—
 - (i) category ‘A’ mines having leased area equal to or above twenty-five hectares, a whole-time mining engineer and a geologist;
 - (ii) category ‘A’ mines having lease area below twenty-five hectares and category ‘B’ mines, a part-time mining engineer and a part-time geologist:

Provided that in the case of fully mechanised category ‘A’ mines, the mining engineers and geologist shall have minimum five years of professional experience of working in a supervisory capacity in the field of mining.]

- ¹¹⁹[4. Notice of such appointment or termination shall be intimated in the monthly and annual return to be submitted under rule 45.]

(2) For the purpose of these rules,—

(a) category 'A' mines means—

- (i) such fully mechanised mines where the work is being carried out by deployment of heavy mining machinery for deep hole drilling, excavation, loading and transport; or
- (ii) such mines where the number of average employment exceeds one hundred and fifty in all or seventy-five workings below ground, or mines where any of the mining operations like deep hole drilling, excavation, loading and transport is carried out with the help of heavy machinery;

(b) category 'B' mines means mines other than category 'A' mines:

Provided that if any doubt arises as to whether any mine is a category 'A' mine, it shall be referred to the Controller General for decision.

Explanation.— For the purpose of this rule, the expression “average employment” means the average per day of the total employment of the mine during the preceding quarter (obtained by dividing the number of man days worked by the number of working days).

¹¹⁶ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹¹⁷ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹¹⁸ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹¹⁹ Inserted by G.S.R.780(E) dated 3rd November, 2021

(3) The part-time mining engineer and geologist can be employed up to a maximum of six prospects or mines, provided that all such prospects or mines are located within a radius of fifty kilometres.

(4) If the holder of a reconnaissance permit, prospecting licence or a ¹²⁰[composite licence] ¹²¹[or exploration licence] or a mining lease is a geologist or mining engineer, he may appoint himself as the geologist or mining engineer for the purpose of sub-rule (1).

(5) If the manager of a mine is a mining engineer or a geologist he may appoint himself as a mining engineer or geologist for the purpose of sub-rule (1).

(6) A mining engineer or geologist employed by the holder of a prospecting licence or ¹²²[composite licence] ¹²³[or exploration licence] or mining lease shall possess the qualifications specified below, namely:—

Geologist: A postgraduate degree in Geological Science or Geology or Applied Geology or Geo-exploration or Mineral Exploration granted by a University established or incorporated by or under a Central Act, or a State Act, in India or educational Institution established by an Act of Parliament or declared to be deemed university under the University Grants Commission established under section 4 of the University Grants Commission Act, 1956 (3 of 1956) or any equivalent qualification.

¹²⁴[Full time Mining Engineer: A degree in Mining Engineering granted by a University established or incorporated by or under a Central Act, a Provincial Act or a State Act, including any institution recognised by the University Grants Commission established under section 4 of the University Grants Commission Act, 1956 (3 of 1956) or any equivalent qualification or diploma in mining and mine surveying granted by a duly recognised institute along with a second class certificate of competency issued by the Director General of Mines Safety.

Part time Mining Engineer: A degree in Mining Engineering granted by a University established or incorporated by or under a Central Act, a Provincial Act or a State Act, including any institution recognised by the University Grants Commission established under section 4 of the University Grants Commission Act, 1956 (3 of 1956) or any equivalent qualification or diploma in mining and mine surveying granted by a duly recognised

institute along with a second class certificate of competency or a foreman certificate of competency issued by the Director General of Mines Safety.]

56. Duties of geologist. – (1) It shall be the duty of the geologist to conduct ¹²⁵[reconnaissance or prospecting] operations in accordance with the provisions of these rules.

(2) The geologist referred to in rule 55 shall –

- (a) be responsible for periodic updating of minerals resources, maintenance of bore cores or samples and bore hole logs;
- (b) plan for conservation of mineral resources and optimal utilisation of the minerals and ores in the mining leases;
- (c) prepare a scheme of prospecting and carry out the investigation operation as per the scheme;
- (d) prepare the necessary geological maps, plans and sections which are required to delineate the ore body;
- (e) carry out petrological and mineralogical studies of host rock and mineralised zones;
- (f) calculate ore reserves and its grade;
- (g) be responsible for providing all the necessary information required for controlling the quality or grade of the minerals produced;
- (h) maintain proper records of the prospecting operations and records of sinking of shafts and boreholes as provided under these rules;
- (i) work out the appropriate method of sampling and ensure preparation of samples accordingly;
- (j) maintain an assay plan in cases of underground workings;
- (k) maintain all technical data for determining the shape and size of each stope block;
- (l) update the reserve figures, grade-wise and category-wise at the end of every year in case of a working mine;
- (m) identify the associated rocks and minerals and maintain proper records of the stacks of non-salable or sub-grade ores and minerals produced;

¹²⁵ Substituted by G.S.R. 51(E), dated 21st January, 2024

- (n) carry out all such orders and directions as may be given in writing under these rules by the Controller General or the authorised officer of the State Government and shall forward a copy of all such orders or directions to the holder of the prospecting licence or ¹²⁶[composite licence] ¹²⁷[or exploration licence] or mining lease, as the case may be.

57. Duties of mining engineer. – (1) It shall be the duty of the mining engineer to take all necessary steps to plan and conduct mining operations so as to ensure conservation of minerals, systematic development of the mineral deposits and protection of environment in and around the mining lease area in accordance with these rules.

(2) The mining engineer shall be responsible for the preparation and maintenance of plans, sections, reports and schemes in accordance with these rules.

(3) The mining engineer shall be responsible for carrying out the study of the associated rocks and minerals, identifying them and stacking the various minerals produced separately.

(4) The mining engineer shall also carry out all such orders and directions as may be given in writing under these rules by the State Government or the Controller General or the authorised officer and shall forward a copy of such orders or directions to the holder of prospecting licence or ¹²⁸[composite licence] or the mining lease, as the case may be.

(5) The mining engineer shall ensure that there is sufficient provision of proper materials, appliances and facilities at all times at the mine for the purpose of carrying out the provisions of these rules and orders issued thereunder and where he is not the holder of the mining lease, he shall make requisition in writing to the holder of the mining lease for anything required for the aforesaid purpose.

(6) A copy of every requisition referred to in sub-rule (5) shall be recorded in a bound paged book kept for the purpose, and on receipt of such a requisition, the holder of the mining lease shall provide as soon as possible the materials and facilities requisitioned by the mining engineer.

CHAPTER VIII

Examination of Minerals and Issue of Directives

58. Power to issue directions.-(1) The holder of a mineral concession shall comply with such directions providing for systematic development of mineral deposits, conservation of minerals and for sustainable mining as the Controller General or the Director, Atomic Minerals Directorate for Exploration and Research, as the case may be, may issue from time to time.

¹²⁶ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹²⁷ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹²⁸ Substituted by G.S.R.780(E) dated 3rd November, 2021

(2) A copy of the proposed directions to be issued to any particular mine shall be sent by the Controller General or the Director, Atomic Minerals Directorate for Exploration and Research, as the case may be, to the holder of a mineral concession, and to the State Government concerned, and any comments received from the holder of a mineral concession and the State Government within thirty days of the date of service of the notice, shall be duly considered by him before issuing any such directions.

(3) General directions applicable to a class of mines shall be issued by the Regional Controller or the Director, Atomic Minerals Directorate for Exploration and Research, as the case may be, with the previous approval of the Central Government in consultation with the State Government concerned.

(4) An order made under sub-rule (1) shall—

- (a) in the case of an order of a general nature or affecting a class of persons, be notified in Official Gazette; and
- (b) in the case of an order directed to a specified individual, be served on such individual by delivering or tendering it to that individual, or if it is not possible to be so delivered or tendered, by affixing it on the outer door or some other conspicuous part of the premises in which that individual lives, and a written report thereof shall be prepared and witnessed by two persons living in the neighborhood.

59. Examination of mineral deposits and taking of samples.—The authorised officer, as the case may be, may examine any mineral deposit in any area under prospecting licence or ¹²⁹[composite licence] ¹³⁰[or exploration licence] or mining lease and take samples there from at any time for the purposes of these rules.

60. Prohibition of deployment in certain cases.— If any mine or part thereof, which in the opinion of the Chief Controller of Mines or the Controller of Mines or the Regional Controller of Mines poses a grave and immediate threat to the conservation of minerals or to environment or to the sustainable development of the mine, he may, by an order in writing to the holder of a mining lease, require him to take such measures as may be specified in the order and may prohibit, until the requirements as specified in the order are complied with to his satisfaction, the deployment of any person other than those required for compliance with the requirement of the order:

Provided that in respect of minerals specified in Part B of the First Schedule to the Act, where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016, the Director, Atomic Minerals Directorate for Exploration and Research shall issue orders in this regard.

¹²⁹ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹³⁰ Inserted by G.S.R. 51(E), dated 21st January, 2024

CHAPTER IX

Revision and Penalty

61. Revision.- (1) Any person aggrieved by any order made or direction issued under these rules by any authorised officer excepting the State Government, as the case may be, may within thirty days of the communication of such order or direction, apply to the Controller General or the Director, Atomic Minerals Directorate for Exploration and Research, as the case may be, for a revision of the order or direction:

Provided that any such application may be entertained after the said period of thirty days if the applicant satisfies the Controller General or the Director, Atomic Minerals Directorate for Exploration and Research, as the case may be, that he had sufficient cause for not making the application within time:

Provided further that if any order made or direction issued by an officer subordinate to the Chief Controller of Mines, the application shall be made to the Chief Controller of Mines who shall deal with the application in the manner provided hereunder.

(2) Every order against which a revision application is preferred under sub-rule (1) shall be complied with pending receipt of the decision of the Controller General or the Director, Atomic Minerals Directorate for Exploration and Research or the Chief Controller of Mines, as the case may be:

Provided that the Controller General or the Director, Atomic Minerals Directorate for Exploration and Research or the Chief Controller of Mines, as the case may be, may suspend the operation of the order against which the revision has been preferred, pending disposal of the revision application.

(3) On receipt of an application for revision under sub-rule (1), the Controller General or the Director, Atomic Minerals Directorate for Exploration and Research or the Chief Controller of Mines, as the case may be, after giving a reasonable opportunity of being heard to the aggrieved person, may confirm, modify or set aside the impugned order.

(4) Any person aggrieved by any order made or direction issued by the Chief Controller of Mines may within thirty days of the communication of such order or direction, prefer an appeal to the Controller General as against the said order or direction:

Provided that any such appeal may be entertained after the said period of thirty days, if the applicant satisfies the Controller General that he had sufficient cause for not making the application within time.

(5) On receipt of any such appeal under sub-rule (4), the Controller General may confirm, modify or set aside the order or direction made or issued by the Chief Controller of Mines or may pass such orders in relation to the applicant, as it may deem fit and such decision shall be final.

(6) Every order against which appeal is preferred under sub-rule (4), shall be

complied with pending receipt of the decision of the Controller General:

Provided that the Controller General may, on an application made by the applicant, suspend operation of the order or direction appealed against pending disposal of the appeal.

(7) Every application submitted under the provisions of this rule shall be accompanied by a bank draft for ten thousand rupees as application fee drawn on a scheduled bank in the name of 'Pay and Accounts Officer, Indian Bureau of Mines' payable at Nagpur or by way of a bank transfer to the designated bank account of the Indian Bureau of Mines:

Provided that in case the application under sub-rule (1) is made to the Director, Atomic Minerals Directorate for Exploration and Research, the amount of ten thousand rupees shall be remitted as per the details specified by the Director, Atomic Minerals Directorate for Exploration and Research in this regard.

¹³¹**[62. Penalty.—** (1) Any contravention of rules 4 to 9, sub-rule (1), (2) and (3) of rule 11, 13 to 17, 21, 24, 26, 27, 30, 32 to 42, 44, 45, 47, 48, 50, 52 to 54, 58, 60, 63, 67 and 72 shall be punishable with imprisonment for a term which may extend to two years or with fine which may extend to rupees five lakhs, or with both, and in the case of a continuing contravention, with additional fine which may extend to rupees fifty thousand for every day during which such contravention continues after conviction for the first such contravention.

(2) Any contravention of sub-rule (4) of rule 11, rules 12, 18, 19, 20, 23, 28, 29, 46, 51 and 55 shall be punishable with fine for an amount as specified in Schedule III.

(3) Any offence punishable under these rules may either before or after the institution of the prosecution, be compounded by the person authorised under section 22 of the Act to make a complaint to the court with respect to that offence, on payment to that person, for credit to the Government, of such sum specified in this regard by the Controller General or the Director, Atomic Minerals Directorate for Exploration and Research, in respect of minerals specified in Part B of the First Schedule to the Act where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016, as the case may be:

Provided that in case of an offence punishable with fine only, such sum shall not exceed the maximum amount of fine which may be imposed for that offence:

Provided further that where an offence is compounded under these rules, no proceeding or further proceeding, as the case may be, shall be made against the offender in respect of the offence so compounded, and the offender, if in custody, shall be released forthwith.]

¹³¹ Substituted by G.S.R.780(E) dated 3rd November, 2021

CHAPTER X

Miscellaneous

63. Preservation of cores, etc.-(1) Every holder of a mineral concession and every agency authorised under the second proviso to sub-section (1) of section 4 shall preserve intact, until submission of the final geological report, all cores and specimens of different types of rocks and minerals obtained during drilling or sinking operations and shall arrange for them to be laid out in a serial order with identification marks, showing the progressive depth at which they are obtained.

(2) The State Government or the authorised officer, as the case may be, may, by an order in writing, require the holder of the mineral concession or the agency authorised under the second proviso to sub-section (1) of section 4 to preserve the cores or specimens of rocks and minerals obtained from specific boreholes or shafts in a specific manner or for any specific period or relax the provisions of this rule to such an extent as they may deem fit.

(3) No cores or samples generated and preserved as per sub-rule (1) and (2) above shall be destroyed without the prior permission in writing from the Chief Controller of Mines or the State Government or the Director, Atomic Minerals Directorate for Exploration and Research, as the case may be.

(4) The Geological Survey of India shall be the nodal agency for archiving drill cores at the National Core Repository and at the Regional Drill Core Repositories with suitable indexing and cataloguing.

(5) The Regional Drill Core Repositories shall function as satellites of the National Core Repository.

(6) The holder of a mineral concession or any other agency authorised under the second proviso to sub-section (1) of section 4 shall adhere to the procedure for preservation and submission of cores as provided in the manual issued by the Geological Survey of India from time to time and shall preserve the identified borehole cores to be collected by the Geological Survey of India, after completion of all the required studies at the time of submission of the final geological report.

64. Facilities for undertaking research or training.- Every holder of a prospecting licence or a ¹³²[composite licence] ¹³³[or exploration licence] or a mining lease shall afford all reasonable facilities to persons authorised by the authorised officer for the purpose of undertaking research or training in matters relating to mining or geology.

65. Submission of records or reports regarding research in geology or mining.- (1) Any person, institution or agency carrying on prospecting or mining operations related to any research in geology or mining, shall inform the

¹³² Substituted by G.S.R.780(E) dated 3rd November, 2021

¹³³ Inserted by G.S.R. 51(E), dated 21st January, 2024

Controller General or the Director, Atomic Minerals Directorate for Exploration and Research, as the case may be, within a period of thirty days of commencement of such research related operations, indicating briefly the aspects proposed to be covered under such research together with the name and address of the person, institution, or agency carrying out such research work and the expected duration of the research related operations.

(2) On completion of the said research work, a report describing the observations, analysis and conclusions reached as a result of the said research work shall be submitted to the Director General, Geological Survey of India for geology related research and to the Chief Controller of Mines or the Director, Atomic Minerals Directorate for Exploration and Research, as the case may be, for mining research within thirty days of its completion.

(3) The authorities referred to in sub-rule (2) shall keep the information provided in the receipt confidential, and if required, the authorised officer may utilise the said information for general studies, planning or policy making purpose.

(4) The provisions of sub-rules (1) and (2) shall also apply *mutatis mutandis* to any agency of the Central Government or State Government carrying out the research work.

66. Territorial jurisdiction of Controller of Mines and Regional Controller.- The Controller General may by a notification in the Official Gazette, prescribe the limits of the territorial jurisdiction of the Controller of Mines and the Regional Controller for purposes of these rules:

Provided that the Director, Atomic Minerals Directorate for Exploration and Research in respect of minerals specified in Part B of the First Schedule to the Act, where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016, may by a notification in the Official Gazette, prescribe the limits of the territorial jurisdiction of the authorised officer of the Atomic Minerals Directorate for Exploration and Research for the purposes of these rules.

67. Obligation to supply other information.- The holder of a mineral concession shall furnish such information regarding his reconnaissance or prospecting operations or mining operations or any matter connected therewith as the authorised officer may require by an order in writing and the information shall be furnished within such time as may be specified in the such order.

68. Provisions of these rules to be applicable to Central Government and State Governments.- The Central Government, the State Governments or its agencies carrying out prospecting or mining operations, as the case may be, without a mineral concession shall be bound by all the provisions of these rules in the same manner as they are applicable to holders of mineral concessions.

69. Exercise of powers.- (1) Any power granted under these rules to the

Regional Controller may be exercised by the Controller of Mines.

(2) The powers granted to the Controller of Mines can be exercised by Chief Controller of Mines and the powers granted to the Chief Controller of Mines can be exercised by the Controller General:

Provided that any power granted under these rules to an authorised officer of the Atomic Minerals Directorate for Exploration and Research may be exercised by the Director, Atomic Minerals Directorate for Exploration and Research, in respect of minerals specified in Part B of the First Schedule to the Act where the grade of such atomic minerals is equal to or above the threshold value limits declared under Schedule-A of the Atomic Minerals Concession Rules, 2016.

70. Saving of Act 33 of 1962.— Nothing in these rules shall affect the provisions of the Atomic Energy Act, 1962 (33 of 1962) and the rules made thereunder, in respect of minerals specified in Part B of the First Schedule to the Act.

¹³⁴**[71. Review of format, templates and manuals.**— The Indian Bureau of Mines or the Director, Atomic Minerals Directorate for Exploration and Research, as the case may be, may revise or update, at such interval as considered appropriate, after consultation with stakeholders, the formats of the scheme of reconnaissance, scheme of prospecting, mining plan, mine closure plan and the templates for Star Rating of mines provided by it.]

¹³⁵**[71A. Day of completion of any requirement.**— When the day of completion of any requirement under these rules is falling due on a public holiday, the day of completion shall be deemed to be due on the next working day.

Explanation.— For the purposes of these rules, the expression “public holiday” includes Saturday, Sunday and any other day declared to be a public holiday by the Central Government or the State Government, as the case may be.]

CHAPTER XI

Geological Reports

72. Geological reports.- (1) Every agency authorised under the second proviso to sub-section (1) of section 4, shall submit a geological report and all geo-scientific data (geological, airborne geophysical, ground, geophysical and geochemical and any data collected for geological investigation purpose) collected during the course of the prospecting operations, to the Director General of the Geological Survey of India, the Controller General and the State Government before the thirtieth day of June of every year in respect of the work done during the previous year:

Provided that in respect of minerals specified in Part B of the First Schedule

¹³⁴ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹³⁵ Inserted by G.S.R.780(E) dated 3rd November, 2021

to the Act, the agency shall submit the report to the Director, Atomic Minerals Directorate for Exploration and Research and the State Government in a format provided by the Atomic Minerals Directorate for Exploration and Research.

(2) The geological reports and geo-scientific data shall be submitted in hard copies and in digital form every year reckoned from the date of commencement of operations and shall include—

- (a) geological data relating to exploration, such as raw data with location, geological map, structural data, sections, plans and anomaly maps;
- (b) geophysical data (ground and aero-geophysical) relating to prospecting fields or engineering or ground water surveys, such as raw data with location, anomaly maps, sections, plans, contour maps and logging details;
- (c) geochemical data relating to exploration, such as raw analytical data with location, anomaly and contour maps and sections; and
- (d) detailed exploration results, style and nature of mineralisation, mineral resource and mineral reserve estimates and grade, and the necessary supporting documents relating to exploration results, mineral resources or mineral reserves of the area shall form a part of the report.

(3) The geological reports shall be prepared in a format to be specified by the Controller General or the Director, Atomic Minerals Directorate for Exploration and Research, as the case may be, so as to enable a complete assessment of the exploration progress and results and to ensure that the results of exploration are fully and clearly recorded for mineral development in the future.

(4) The geological reports under this Chapter shall be prepared by or under the direction of, and signed by a geologist under whose supervision exploration was carried out.

CHAPTER XII

Mining Regulation Portal

73. Mining regulation web portal.— The Indian Bureau of Mines, in consultation with the State Governments, shall prepare a mining regulation web portal to bring information together the different aspects of the regulatory functions being undertaken by the Indian Bureau of Mines and the State Government or the authorised officer of the Atomic Minerals Directorate for Exploration and Research, as the case may be, for implementation and compliance of the provisions of these rules.

74. Recording of regulatory functions.— All aspects of regulatory functions being undertaken by the Indian Bureau of Mines or the State Government or the authorised officer of the Atomic Minerals Directorate for Exploration and

Research, as the case may be, for implementation and compliance of the provisions of these rules shall be recorded in standard process sheets or templates developed for these purposes, and the information in this regard shall be made available on the portal referred to in rule 73:

Provided that access to the commercial information provided in the said web portal shall be so regulated that the information is accessible only by the holder of the mineral concession concerned, the Controller General, the Central Government, the State Government, the authorised officer and the administrator of the web portal.

75. Information source.— (1) Each information source shall have a dedicated area on the page for displaying information (a portlet).

Explanation.—For the purposes of this rule, it is clarified that inspections carried out by the Indian Bureau of Mines or the State Government or an authorised officer of the Director, Atomic Minerals Directorate for Exploration and Research, as the case may be, and the response of the mine owner or manager to the inspection shall be construed as one information source.

(2) Identification of the different information sources, user categories, preparation of the standard process sheets or templates, configuring and customizing the presentation of the content and other details in this regard as well the role of the administrator for addition of information to the portal or deletion from the portal shall be decided by the Controller General in consultation with the Central Government.

SCHEDULE-¹³⁶[I]

FORM-A

(See rule 7)

(Notice of commencement of Reconnaissance or prospecting operations)

IMPORTANT INSTRUCTIONS FOR FILLING THE FORM

- This Form, duly filled in must reach the concerned authorities as prescribed within the rule, within fifteen days of the commencement of Reconnaissance or prospecting operations by online or Email.
- This should be sent to the Regional Controller in whose territorial jurisdiction the mineral concession falls as notified from time to time by the Controller General, Indian Bureau of Mines, under rule 66 of the ¹³⁷[Mineral Conservation Development Rules, 2017].
- The form should be digitally signed by the concerned person.

-
1. **Type of Mineral Concession ---** Reconnaissance Permit ☐
Prospecting Licence ☐
¹³⁸[composite licence] ¹³⁹[or exploration ☐
licence]

2. **IBM Registration Number**

3. **Unique IBM Concession Number**

Reconnaissance Permit

Prospecting License

¹⁴⁰[composite licence] ¹⁴¹[or exploration
licence]

4. **Name of the mineral or minerals for which Reconnaissance Permit or prospecting licence or ¹⁴²[composite licence] ¹⁴³[or exploration licence] has been granted:**
(Information will be system generated. Linked with Entry 5 and 6 of Form 'K'.)

5. **Name and address of the permit holder or licensee:**

(Information will be system Generated. Linked with Entry 5 and 6 of Form 'K'.)

6. **Particulars of Mineral Concession**

(Information will be system Generated. Linked with Entry 5 and 6 of Form 'K'.)

7. **Location of the Mineral Concession**

¹³⁶ Renumbered by G.S.R.780(E) dated 3rd November, 2021

(1) Number of levels _____

(2) Total development (metres) _____

(3) Mode of entry _____

(4) Quantity of ore produced
with grade _____

(f) Number of samples analysed:

(1) Main constituent (please specify) _____

(2) Complete analysis _____

15. If abandoned

(i) Date of abandonment _____

(ii) Reasons for abandonment _____

Note: Please enclose a geological report describing the reconnaissance / prospecting operations undertaken so far along with the detailed geological plans and sections showing locations of (a) boreholes, (b) pits, (c) trenches, (d) shafts, (e) underground exploratory workings, (f) outcrops, (g) ore zones, (h) faults, (i) folds and other geological features.

The Report shall contain in the borehole logs and interpretation and the inferences drawn as a result of the study of the geology of the area and the interpretation of the borehole cores, pits, trenches, assay data, reserves of ore and contain results of complete analysis of at least two representative samples of ore and the blocks proposed for mining operations. The report shall also contain the results of any beneficiation study carried out on the ores or minerals of the area.

FORM-C

(See rule 20, 29 and 49)

(Notice of intimation of opening/reopening of mine/change in the name of mine)

IMPORTANT INSTRUCTIONS FOR FILLING THE FORM

- This Form, duly filled in must reach the concerned authorities as prescribed within the rule, within fifteen days of the opening or reopening and within thirty days in case of change in the name of mine, by online or Email.
- This should be sent to the Regional Controller in whose territorial jurisdiction the mineral concession falls as notified from time to time by the Controller General, Indian Bureau of Mines, under rule 66 of the Mineral Conservation Development Rules, 2017.
- The form should be digitally signed by the concerned person.

1. IBM Registration Number									
2. Mining Lease Code									
3. Mine Code									
4. Name of mine /Old name of mine (in case of change in name)									
5. Name and address of the lessee/owner (Information will be system generated. Linked with Entry 3 of Form 'K'.)									
6. Date of opening/reopening of mine									
7. In case of reopening, date of discontinuation									
8. Particulars of the Mining Lease (ML) (Information will be system generated. Linked with Entry 4 of Form 'K')									
9. Location of the Mining Lease (Information will be system generated. Linked with Entry 4 of Form 'K')									
10. Name and address of previous owner if any and the date of abandonment of Mine									
<table><tr><td>Name</td><td>Address</td><td>E-mail</td><td>Mobile no.</td></tr><tr><td> </td><td> </td><td> </td><td> </td></tr></table>	Name	Address	E-mail	Mobile no.

FORM-F
[See rule 30(2)]
(Notice of commencement of stoping)

IMPORTANT INSTRUCTIONS FOR FILLING THE FORM

- This Form, duly filled in must reach the concerned authorities as prescribed within the rule, within sixty days before the commencement of stoping operations, by online or E mail.
 - This should be sent to the Regional Controller in whose territorial jurisdiction the Mining lease area falls as notified from time to time by the Controller General, Indian Bureau of Mines, under rule 66 of the Mineral Conservation Development Rules, 2017.
 - The form should be digitally signed by the concerned person.
 - Information in respect of items 8 and 9(a) should be accompanied by
(i) underground composite plan, (ii) longitudinal section, (iii) geological/assay plan of the levels at which stoping is proposed including one level above and below, and
(iv) transverse sections at reasonable intervals for the portion covered under (iii) above.
-

1. **IBM Registration Number**
2. **Mining Lease Code**
3. **Mine Code**
4. **Name of mine**
5. **Name and address of the lessee/owner**
(Information will be system generated. Linked with Entry 3 of Form 'K'.)
6. **Particulars of the Mining Lease (ML)**
(Information will be system generated. Linked with Entry 4 of Form 'K')
7. **Location of the Mining Lease**
(Information will be system generated. Linked with Entry 4 of Form 'K')
8. **Section/pit number**

(This is applicable in cases where the main mine is divided into more than one district/section/pit.)

9. **Date on which it is proposed to commence stoping**

10. **Extent of development in the mine:**

(a) Number of shafts/inclines/and its width/depth/length

(b) Maximum depth and development

(c) Number of levels with their extent

(d) Total meterage of development

(e) Total number of blocks developed including the total tonnage and grade (excluding blocks already stoped out and already permitted for stoping)

11. **. Details of the blocks applied for stoping**

(a) Number and size of each block, their levels tonnage and grade

(b) Method of stoping to be adopted –

(i) A description of the method with stope preparation sequence of operation appropriate drawings to illustrate the and extraction

(ii) Rate of stoping contemplated in each block (monthly)

(iii) Estimated recovery from each block

(iv) Estimated dilution

(v) Estimated tonnage and grade of ore to be extracted

12. **Is this a first application for stoping for this mine?**

If not, the following details may be furnished.

(i) Date of previous application(s) for stoping

(ii) Date and reference of permission or refusal by this department (mention

blocks and their levels) _____

- (iii) Have all the blocks for which stoping permission was granted, been stoped out?
If not, mention the specific blocks that are remaining to be stoped out, indicating the state of stoping operations therein: _____

13. **Rate of development and programme of forming Additional stope blocks simultaneously with the Proposed stoping** _____

14. **List of enclosures** _____

3. Details of Rent/ Royalty / Dead Rent/ DMF /NMET amount paid in the month		
(i) Rent paid (₹)		
(ii) Royalty paid (₹)		
(iii) Dead Rent paid (₹)		
(iv) Payment made to the DMF (₹)		
(v) Payment made to the NMET (₹)		
4. Details on working of mine:		
(i) Number of days the mine worked:		
(ii) Reasons for work stoppage in the mine during the month (due to strike, lockout, heavy rain, non-availability of labour, transport bottleneck, lack of demand, uneconomic operations, etc.) and the number of days of work stoppage for each reason separately	Reasons	No. of days

5. Average Daily Employment and Total Salary/Wages paid #:

Work place	Direct		Contract		Total Salary/Wages (₹)	
	Male	Female	Male	Female	Direct	Contract
Below ground						
Opencast						
Above ground						
Total						

To include all employees exclusive to the mine and attached factory, workshop or mineral dressing plant at the mine site

PART-II (PRODUCTION, DESPATCHES AND STOCKS)

(To be submitted separately for each mineral)

(Unit of Quantity in Tonnes)

1. Type of ore produced:

(Applicable for Iron ore only; tick mark whichever is applicable)

(a) Hematite

(b) Magnetite

2. Production and Stocks of ROM ore at Mine-head

Category	Opening stock	Production	Closing stock
(a) Open Cast workings			
(b) Underground Workings			
(c) Dump workings			

3(i) Grade-wise ROM ore despatches from mine head (\$):

Grade of ROM@	Despatches from mine-head	Ex-mine Price (₹)

(\$): Applicable for iron ore and chromite only. For other minerals data of dispatches to be reported in 3(ii)

3(ii) Grade-wise Production, Dispatches, Stocks and Ex-mine prices:

Grades**	Opening stock at mine- head	Production	Despatches from mine-head	Closing stock at mine-head	Ex-mine price (₹/Tonne)

3(iii) In case the mineral is being pulverized in own factory, please give the following particulars (*):

Grade**	Total quantity of mineral Pulverized (in tonnes)	Total quantity of pulverized mineral produced (for each mesh size)		Total Quantity of pulverized mineral sold during the month		
		Mesh size	Quantity (tonne)	Mesh size	Quantity (tonne)	Ex-factory Sale value (₹)

3(iv) Average cost of pulverization (*) : ₹ _____ per tonne.

(*): Not applicable for Iron ore, Manganese ore, Bauxite and Chromite

4. Details of deductions made from sale value for computation of Ex-mine price (₹/ Tonne)

Deduction claimed #	Amount (in ₹/ Tonne)	Remarks
a) Cost of transportation (indicate loading station and distance from mine in remarks)		
b) Loading and unloading charges		
c) Railway freight, if applicable (indicate destination and distance)		
d) Port handling charges/ export duty (indicate name of port)		
e) Charges for sampling and analysis		
f) Rent for the plot at Stocking yard		
g) Other charges (specify clearly)		
Total (a) to (g)		

Not applicable for captive dispatches and ex-mine sales

5. Sales/ Dispatches effected for Domestic Purposes and for Exports:

Grade (^)	Nature of Despatch (indicate whether Domestic Sale or Domestic Transfer or Captive consumption or Export)	For Domestic Purposes				For export		
		Registration number as allotted by the Indian Bureau of Mines to the buyer ##	Consignee name ##	Quantity	Sale value (₹)	Country	Quantity	F.O.B Value(₹)

(^): To indicate the grades of ores as mentioned below (see @ and **)

To indicate separately if more than one buyer.

NOTE:- Mine owners are required to substantiate domestic sale value/ FOB value for each grade of ore quoted above with copy of invoices (not to be submitted with the return; to be produced whenever required).

6. Give reasons for increase/decrease in production/nil production, if any, during the month compared to the previous month.

- a)
- b)
- c)

7. Give reasons for increase/decrease in grade wise ex-mine price, if any, during the month compared to the previous month.

- a)
- b)
- c)

4. Details on working of mine:		
(i) Number of days the mine worked:		
(ii) Reasons for work stoppage in the mine during the month (due to strike, lockout, heavy rain, non-availability of labour, transport bottleneck, lack of demand, uneconomic operations, etc.) and the number of days of work stoppage for each reason separately	Reasons	No. of days

5. Average Daily Employment and Total Salary/Wages paid #:

Work place	Direct		Contract		Total Salary/Wages (₹)	
	Male	Female	Male	Female	Direct	Contract
Below ground						
Opencast						
Above ground						
Total						

To include all employees exclusive to the mine and attached factory, workshop or mineral dressing plant at the mine site

PART-II (PRODUCTION, DISPATCHES AND STOCKS)

(To be submitted separately for each mineral)

1. R.O.M production:

Category	Unit of quantity	Quantity
(a) Opencast workings		
(b) Underground workings		

2. Production, stocks and dispatches:-

	Gem Variety				Industrial		Others	
	Rough and uncut stones		Cut and Polished Stones					
	No. of stones	Qty @	No. of stones	Qty @	No. of stones	Qty @	No. of stones	Qty @
A .Opening stocks								
B. Production								

i) From Opencast Working								
ii) From underground working								
TOTAL (Production)								
C. Despatches								
D. Closing Stocks								
E. Ex-mine Price (₹)								

@: The Unit of quantity viz. Carats/Grams/Kilogram etc., as the case may be, should be indicated under quantity.

3. Details of deductions made from sale value for computation of Ex-mine price (₹/ Unit)

Deduction claimed#	Amount (in ₹/ Unit)	Remarks
a) Cost of transportation (indicate loading station and distance from mine in remarks)		
b) Loading and unloading charges		
c) Railway freight, if applicable (indicate destination and distance)		
d) Port handling charges/ export duty (indicate name of port)		
e) Charges for sampling and analysis		
f) Rent for the plot at stocking yard		
g) Other charges (specify clearly)		
Total (a) to (g)		

Not applicable for captive despatches and ex-mine sales

4. Sales/ Despatches effected for Domestic Purposes and for Exports:

Grade (*)	Nature of Despatch (indicate whether Domestic Sale or Domestic Transfer or Captive consumption or Export)	For Domestic Purposes				For export		
		Registration number as allotted by the Indian Bureau of Mines to the buyer ##	Consignee name ##	Quantity	Sale value (₹)	Country	Quantity	F.O.B Value(₹)

*: To indicate rough and uncut stones, cut and polished stones, industrial, others

To indicate separately if more than one buyer

NOTE:- Mine owners are required to substantiate domestic sale value/ FOB value for each grade of ore quoted above with copy of invoices (not to be submitted with the return; to be produced whenever required).

5. Give reasons for increase/decrease in production/nil production, if any, during the month compared to the previous month.

- a)
- b)
- c)

6. Give reasons for increase/decrease in grade wise ex-mine price, if any, during the month compared to the previous month.

- a)
- b)
- c)

I certify that the information furnished above is correct and complete in all respects.

FORM G1

[See rule 45(5) (c) (i)]

For the financial year 1st April, 20____ to 31st March, 20____

ANNUAL RETURN

[To be used for minerals other than Copper, Gold, Lead, Pyrites, Tin, Tungsten, Zinc and precious and semi-precious stones]

To

- (i) The Regional Controller of Mines
Indian Bureau of Mines

_____Region,

PIN:

(Please address to Regional Controller of Mines in whose territorial jurisdiction the mines falls as notified from time to time by the Controller General, Indian Bureau of Mines under rule 62 of the Mineral Conservation and Development Rules, 1988)

- (ii) The State Government

PART – I (General)

1. Details of Mine:	
(a) Registration number allotted by Indian Bureau of Mines (to give registration number of the Lessee/Owner)	
(b) Mine Code (allotted by Indian Bureau of Mines)	
(c) Name of the Mineral	
(d) Name of Mine	
(e) Name(s) of other mineral(s), if any, produced from the same mine	
2. Location of the Mine :	
Village	
Post Office	
Tahsil/Taluk	
District	
State	
PIN Code	
Fax no:	E-mail:
Phone no:	Mobile:
3. Name and address of Lessee/Owner (along with fax no. and e-mail):	
Name of Lessee/Owner	
Address	
District	
State	
PIN Code	
Fax no:	E-mail:
Phone No:	Mobile:
4. Registered Office of the Lessee:	
5. Director in charge :	
6. Agent :	
7. Manager :	
8. Mining Engineer in charge:	
9. Geologist in charge :	
10. Transferor (previous owner), if any, and date of transfer:	

11. Particulars of area operated/Lease (Furnish information on items (i) to (vi) lease-wise in case mine workings cover more than one lease)			
(i) Lease number allotted by the State Government.....			
(ii) Area under lease (hectares):			
Under Forest			
Outside Forest			
Total			
(iii) Date of execution of mining lease deed			
(iv) Period of lease			
(v) Area for which surface rights are held (hectares)			
Under Forest			
Outside Forest			
Total			
(vi) Date and period of renewal (if applicable)			
(vii) In case there is more than one mine in the same lease area, indicate name of mine and mineral produced			
12. Lease area (surface area) utilisation as at the end of year (hectares):	Under forest	Outside forest	Total
(i) Already exploited and abandoned by opencast (O/C) mining			
(ii) Covered under current (O/C) Workings			
(iii) Reclaimed/rehabilitated			
(iv) Used for waste disposal			
(v) Occupied by plant, buildings, residential, welfare buildings and roads			
(vi) Used for any other purpose (specify)			
(vii) Work done under progressive mine closure plan during the year			
13. Ownership/exploiting Agency of the mine: (Public Sector/Private Sector/Joint Sector)			

PART - II (Employment and Wages)

1. Number of supervisory staff employed at the mine		
Description	Wholly employed	Partly employed
(i) Graduate Mining Engineer		
(ii) Diploma Mining Engineer		
(iii) Geologist		
(iv) Surveyor		
(v) Other administrative and technical supervisory staff		
Total:		
2. (i) Number of days the mine worked:		
(ii) No. of shifts per day:		
(iii) Indicate reasons for work stoppage in the mine during the year (due to strike, lockout, heavy rain, non-availability of labour, transport bottleneck, lack of	Reasons	No. of days

demand, uneconomic operations, etc.) and the number of days of work stoppage for each of the factors separately .		

3. Employment and salary/wages paid #:

Maximum number of persons employed on any one day during the year: (i) In workings below ground on (date).....(a) (number)..... (ii) In all in the mine on (date).....(a) (number).....								
Classification	Total number of man days worked during the year			No. of days worked during the year	Average daily number of persons employed			Total Wages /Salary for the year (₹)
	Direct	Contract	Total		Male	Female	Total	
(1)	2(A)	2(B)	2(C)	(3)	4(A)	4(B)	4(C)	(5)
Below Ground								
Opencast								
Above Ground								
Total:								

To include all employees exclusive to the mine and attached factory, workshop or mineral dressing plant at the mine site

PART-II A (Capital Structure)

1. Value of Fixed Assets* (₹.....) (in respect of the mine, beneficiation plant, mine work-shop, power and water installation)						
In case this information is furnished as combined information in another mine's return please specify Mine Code/Mine Name:						
Description	At the beginning of the year (₹)	Additions during the Year (₹)	Sold or discarded during the year (₹)	Depreciation during the year (₹)	Net closing Balance (₹) (2+3)-(4+5)	Estimated market value** (₹)
1	2	3	4	5	6	7
(i) Land***						
(ii) Building:						
Industrial						
Residential						
(iii) Plant and Machinery including transport equipment						
iv) Capitalised Expenditure such as pre-production exploration, development, major overhaul and repair to machinery etc. (As prescribed under Income Tax Act)						
Total:						

* In case the fixed assets are common to more than one mine, furnish combined information for all such mines together in any one of the mine's return. In the returns for other mines, give only a cross reference to the particular mine's return where-in the information is included.

** Optional and may be furnished in respect of items (i), (ii) and (iii) if the mine owner desires.

*** Including any non-recurring expenditure incurred on the acquisition of land.

2. Source of Finance (at the end of the year) :		
(i) Paid up Share Capital (₹)		
(ii) Own Capital (₹)		
(iii) Reserve and Surplus (All Types)(₹)		
(iv) Long Term loans outstanding (#)(₹)		
Name of the Institution/Source	Amount of Loan (₹)	Rate of Interest

(#) Indicate the names of the lending institutions such as State Finance Corporation, Industrial Development and other Public Corporations, Co-operative Banks, Nationalised Banks and other sources along with the amount of loan from each source and the rate of interest at which loan has been taken.

3. Interest and Rent (₹)	
(i) Interest paid during the year	
(ii) Rents (excluding surface rent) paid during the year	

PART - III (Consumption of Materials)

1. Quantity and cost of material consumed during the year			
Description	Unit	Quantity	Value (₹)
(i) Fuel			
(a) Coal	Tonnes		
(b) Diesel Oil	Ltrs		
(c) Petrol	Ltrs		
(d) Kerosene	Ltrs		
(e) Gas	Cu. m		
(ii) Lubricant			
(a) Lubricant oil	Ltrs		
(b) Grease	Kg		
(iii) Electricity			
(a) Consumed	kWh		
(b) Generated	kWh		
(c) Sold	kWh		
(iv) Explosives (furnish full details in Part IV)			
(v) Tyres	Nos.		
(vi) Timber and Supports			
(vii) Drill rods and kits	Nos.		
(viii) Other spares and stores			
2. Royalty, Rents and Payments made to DMF and NMET (₹):			
X	Paid for current year	Paid towards past arrears	
(a) Royalty			
(b) Dead rent			
(c) Surface rent			
(d) Payment made to DMF			

(e) Payment made to NMET		
3. Compensation paid for felling trees during the year (₹)		
4. Depreciation on fixed assets (₹)		
5. Taxes and cesses		
X	Amount in Rupees paid during the year to:	
X	Central Govt.	State Govt.
(i) Sales Tax		
(ii) Welfare cess		
(iii) Other taxes and cesses:-		
(a) Mineral cess		
(b) Cess on dead rent		
(c) Others (please specify)		
6. Other expenses (₹):		
(i) Overheads		
(ii) Maintenance		
(iii) Money value of other benefits paid to workmen		
(iv) Payment made to professional agencies		

Part –IV (Consumption of Explosives)

Licensed capacity of magazine: (specify unit separately in kg/tonne, numbers, metres)		Item		Unit	Capacity
Classification of Explosives	Unit	Quantity consumed during the year		Estimated requirement during the next year	
		Small dia. (upto 32 mm)	Large dia. (above 32 mm)	Small dia. (upto 32 mm)	Large dia. (above 32 mm)
1.Gun Powder	kg				
2.Nitrate Mixture	kg	X	X	X	X
a. Loose ammonium nitrate					
b. Ammonium nitrate in cartridged form					
3. Nitro compound	kg				
4. Liquid Oxygen soaked cartridges	kg				
5.Slurry explosives (Mention different trade names)	kg				
6. Detonators	No.s	X	X	X	X
i) Ordinary					
ii) Electrical		X	X	X	X
(a) Ordinary					
(b) Delay					
7. Fuse	Mts	X	X	X	X
(a) Safety Fuse					
(b) Detonating Fuse					
8. Plastic ignition cord	Mts				
9. Others (specify)	(Mention the unit)				

Different sizes of soaked liquid oxygen cartridges to be reported in equivalent kg. as per manufacturer's instruction.

PART-V (General Geology and Mining)

(Items 2 and 3 to be submitted separately for each mineral)

1. Exploration

1(i) Exploration activities during the year:

		At the beginning of the year	During the year	Cumulative	Grid spacing/ Dimension
Drilling	No of holes				
	Metrage				
Pitting	No of pits				
	Excavation (in m ³)				
Trenching	No of trenches				
	Excavation (in m ³)				
	Length covered (in metre)				
Expenditure on exploration (₹)					X

1(ii). Any other exploration activity during the year:

2. Reserves and Resources estimated (in tonnes).

Classification	Code	At the beginning of the year 1.4.20____ as per latest approved mining plan/ scheme	Assessed during the year	Depletion of reserves during the year	Balance resources as on 31.3.20____
(1)	(2)	(3)	(4)	(5)	(6)= (3+4-5)
A. Mineral Reserve					
1. Proved Mineral Reserve	111				
2. Probable mineral Reserve	121				
	122				
3. Total Reserves					
B. Remaining Resources					
1. Feasibility mineral Resource	211				
2. Prefeasibility mineral resource	221				
	222				
3. Measured mineral resource	331				
4. Indicated mineral resource	332				
5. Inferred mineral resource	333				
6. Reconnaissance mineral resource	334				
7. Total remaining Resources					
Total (A+B)					

3. Subgrade-Mineral Reject (in tonnes)

(Information to be given in respect of mineral fractions generated and stacked/ dumped below cut-off grade and above threshold value, if prescribed, having no immediate sale value)

Generation of subgrade-mineral reject (in tonnes)	At the beginning of the year	Generated during the year	Disposed during the year	Total stacked at the end of the year	Average grade of the mineral reject generated
from unprocessed ore					
from processed ore					

4. Overburden and Waste (in m³)

(Information to be given in respect of overburden/ waste and mineral fractions generated below threshold value, if prescribed)

At the beginning of the year	Generated during the year	Disposed in dumps during the year	Backfilled during the year	Total at the end of the year

5. Trees planted/ survival rate

Description	Within lease area	Outside lease area
i) Number of trees planted during the year		
ii) Survival rate in percentage		
iii) Total no. of trees at the end of the year		

6. Type of Machinery: Give the following information for the types of machinery in use such as hoist, fans, drills, loaders, excavators, dumpers, haulages, conveyors, pumps, etc.

Type of machinery	Capacity of each type of machinery	Unit (in which capacity is reported)	No. of machinery	Electrical/ Non-electrical (specify)	Used in opencast/ underground (specify)

7(i) Details of mineral Treatment Plant, if any: Give a brief description of the process capacity of the machinery deployed and its availability. (Submit Flow Sheet and Material Balance of the Plant separately).

(ii) Furnish following information:

Item	Tonnage	Average Grade
Feed:		
Concentrates/processed products :	(mention name)	
By-products/Co-products:	(mention name)	
Tailings:		

PART-VI (PRODUCTION, DESPATCHES AND STOCKS)

(To be submitted separately for each mineral)

(Unit of Quantity in Tonnes)

1. Type of ore produced:

(Applicable for Iron ore only; tick mark whichever is applicable)

(a) Hematite

(b) Magnetite

2. Production and Stocks of ROM ore at Mine-head

Category	Opening stock	Production	Closing stock
(a) Open Cast workings			
(b) Underground Workings			
(c) Dump workings			

3(i) Grade-wise ROM ore despatches from mine head (\$):

Grade of ROM@	Despatches from mine-head	Ex-mine Price (₹)

(\$): Applicable for iron ore and chromite only. For other minerals data of despatches to be reported in 3(ii)

3(ii) Grade-wise Production, Despatches, Stocks and Ex-mine prices:

Grades**	Opening stock at mine-head	Production	Despatches from mine-head	Closing stock at mine-head	Ex-mine price (₹/Tonne)

3(iii) In case the mineral is being pulverized in own factory, please give the following particulars (*):

Grade**	Total quantity of mineral Pulverized (in tonnes)	Total quantity of pulverized mineral produced (for each mesh size)		Total Quantity of pulverized mineral sold during the year		
		Mesh size	Quantity (tonne)	Mesh size	Quantity (tonne)	Ex-factory Sale value (₹)

3(iv) Average cost of pulverization (*) : ₹ _____ per tonne.

(*): Not applicable for Iron ore, Manganese ore, Bauxite and Chromite

4. Details of deductions made from sale value for computation of Ex-mine price (₹/ Tonne)

Deduction claimed #	Amount (in ₹/ Tonne)	Remarks
a) Cost of transportation (indicate loading station and distance from mine in remarks)		
b) Loading and unloading charges		
c) Railway freight, if applicable (indicate destination and distance)		
d) Port handling charges/ export duty (indicate name of port)		
e) Charges for sampling and analysis		
f) Rent for the plot at Stocking yard		
g) Other charges (specify clearly)		
Total (a) to (g)		

Not applicable for captive dispatches and ex-mine sales

5. Sales/ Despatches effected for Domestic Purposes and for Exports:

Grade (^)	Nature of Despatch (indicate whether Domestic Sale or Domestic Transfer or Captive consumption or Export)	For Domestic Purposes				For export		
		Registrati on number as allotted by the Indian Bureau of Mines to the buyer ##	Consignee name ##	Quantity	Sale value (₹)	Country	Quantity	F.O.B Value(₹)

(^): To indicate the grades of ores as mentioned below (see @ and **)

To indicate separately if more than one buyer.

NOTE:- Mine owners are required to substantiate domestic sale value/ FOB value for each grade of ore quoted above with copy of invoices (not to be submitted with the return; to be produced whenever required).

6. Give reasons for increase/decrease in production/nil production, if any, during the year compared to the previous year.

a)

b)

7. Give reasons for increase/decrease in grade wise ex-mine price, if any, during the year compared to the previous year.

a)

b)

PART-VII: COST OF PRODUCTION

Cost of production per tonne of ore/mineral produced

Sl.No.	Item	Cost per tonne (₹)
(i)	Direct Cost	
	(a) Exploration	
	(b) Mining	
	(c) Beneficiation(Mechanical Only)	
(ii)	Over-head cost	
(iii)	Depreciation	
(iv)	Interest	
(v)	Royalty	
(vi)	Payments made to DMF	
(vii)	Payments made to NMET	
(viii)	Taxes	
(ix)	Dead Rent	
(x)	Others (specify)	
	Total	

Note: Information given under Part VII will be kept confidential. The Government, however, will be free to utilize the information for general studies without revealing the identity of the firm.

VERIFICATION

I certify that the information furnished above is correct and complete in all respects.

To include all employees exclusive to the mine and attached factory, workshop or mineral dressing plant at the mine site

PART-II A (Capital Structure)

1. Value of Fixed Assets* (₹.....) (in respect of the mine, beneficiation plant, mine work-shop, power and water installation) In case this information is furnished as combined information in another mine's return please specify Mine Code/Mine Name:						
Description	At the beginning of the year (₹)	Additions during the Year (₹)	Sold or discarded during the year (₹)	Depreciation during the year (₹)	Net closing Balance (₹) (2+3)-(4+5)	Estimated market value** (₹)
1	2	3	4	5	6	7
(i) Land***						
(ii) Building:						
Industrial						
Residential						
(iii) Plant and Machinery including transport equipment						
iv) Capitalised Expenditure such as pre-production exploration, development, major overhaul and repair to machinery etc. (As prescribed under Income Tax Act)						
Total:						

* In case the fixed assets are common to more than one mine, furnish combined information for all such mines together in any one of the mine's return. In the returns for other mines, give only a cross reference to the particular mine's return where-in the information is included.

** Optional and may be furnished in respect of items (i), (ii) and (iii) if the mine owner desires.

*** Including any non-recurring expenditure incurred on the acquisition of land.

2. Source of Finance (at the end of the year) :		
(i) Paid up Share Capital (₹)		
(ii) Own Capital (₹)		
(iii) Reserve and Surplus (All Types)(₹)		
(iv) Long Term loans outstanding (#)(₹)		
Name of the Institution/Source	Amount of Loan (₹)	Rate of Interest

(#) Indicate the names of the lending institutions such as State Finance Corporation, Industrial Development and other Public Corporations, Co-operative Banks, Nationalised Banks and other sources along with the amount of loan from each source and the rate of interest at which loan has been taken.

3. Interest and Rent (₹)	
(i) Interest paid during the year	
(ii) Rents (excluding surface rent) paid during the year	

PART - III (Consumption of Materials)

1. Quantity and cost of material consumed during the year			
Description	Unit	Quantity	Value (₹)
(i) Fuel			
(a) Coal	Tonnes		
(b) Diesel Oil	Ltrs.		
(c) Petrol	Ltrs.		
(d) Kerosene	Ltrs.		
(e) Gas	Cu.M.		
(ii) Lubricant			
(a) Lubricant oil	Ltrs.		
(b) Grease	Kgs.		
(iii) Electricity			
(a) Consumed	Kwh		
(b) Generated	Kwh		
(c) Sold	Kwh		
(iv) Explosives (furnish full details in Part IV)			
(v) Tyres	Nos.		
(vi) Timber and Supports			
(vii) Drill rods and kits	Nos.		
(viii) Other spares and stores			
2. Royalty, Rents and Payments made to DMF and NMET (₹):			
X	Paid for current year	Paid towards past arrears	
(a) Royalty			
(b) Dead rent			
(c) Surface rent			
(d) Payment made to DMF			

(e) Payment made to NMET		
3. Compensation paid for felling trees during the year (₹)		
4. Depreciation on fixed assets (₹)		
5. Taxes and cesses		
X	Amount in Rupees paid during the year to:	
X	Central Govt.	State Govt.
(i) Sales Tax		
(ii) Welfare cess		
(iii) Other taxes and cesses:-		
(a) Mineral cess		
(b) Cess on dead rent		
(c) Others (please specify)		
6. Other expenses (₹):		
(i) Overheads		
(ii) Maintenance		
(iii) Money value of other benefits paid to workmen		
(iv) Payment made to professional agencies		

Part –IV (Consumption of Explosives)

Licensed capacity of magazine: (specify unit separately in kg/tonne, numbers, metres)		Item	Unit	Capacity	
Classification of Explosives	Unit	Quantity consumed during the year		Estimated requirement during the next year	
		Small dia. (upto 32 mm)	Large dia. (above 32 mm)	Small dia. (upto 32 mm)	Large dia. (above 32 mm)
1.Gun Powder	kg				
2.Nitrate Mixture	kg	X	X	X	X
a. Loose ammonium nitrate					
b. Ammonium nitrate in cartridged form					
3. Nitro compound	kg				
4. Liquid Oxygen soaked cartridges	kg				
5.Slurry explosives (Mention different trade names)	kg				
6. Detonators	No.s	X	X	X	X
i) Ordinary					
ii) Electrical		X	X	X	X
(a) Ordinary					
(b) Delay					
7. Fuse	Mts	X	X	X	X
(a) Safety Fuse					
(b) Detonating Fuse					
8. Plastic ignition cord	Mts				
9. Others (specify)	(Mention the unit)				

Different sizes of soaked liquid oxygen cartridges to be reported in equivalent kg. as per manufacturer's instruction.

PART – V (General Geology and Mining)

(Items 2 and 3 to be submitted separately for each mineral)

1. Exploration

1(i) Exploration activities during the year:

		At the beginning of the year	During the year	Cumulative	Grid spacing/ Dimension
Drilling	No of holes				
	Metrage				
Pitting	No of pits				
	Excavation (in m ³)				
Trenching	No of trenches				
	Excavation (in m ³)				
	Length covered (in metre)				
Expenditure on exploration (₹)					X

1(ii). Any other exploration activity during the year:

2. Reserves and Resources estimated (in tonnes).

Classification	Code	At the beginning of the year 1.4.20____	Assessed during the year	Depletion of reserves during the year	Balance resources as on 31.3.20____
(1)	(2)	(3)	(4)	(5)	(6)= (3+4-5)
A. Mineral Reserve					
1. Proved Mineral Reserve	111				
2. Probable mineral Reserve	121				
	122				
3. Total Reserves					
B. Remaining Resources					
1. Feasibility mineral Resource	211				
2. Prefeasibility mineral resource	221				
	222				
3. Measured mineral resource	331				
4. Indicated mineral resource	332				
5. Inferred mineral resource	333				
6. Reconnaissance mineral resource	334				
7. Total remaining Resources					
Total (A+B)					

3. Subgrade-Mineral Reject (in tonnes)

(Information to be given in respect of mineral fractions generated and stacked/ dumped below cut-off grade and above threshold value, if prescribed, having no immediate sale value)

At the beginning of the year	Generated during the year	Disposed during the year	Total stacked at the end of the year	Average grade of the mineral reject generated.

4. Overburden and Waste (in m³)

(Information to be given in respect of overburden/ waste and mineral fractions generated below threshold value, if prescribed)

At the beginning of the year	Generated during the year	Disposed in dumps during the year	Backfilled during the year	Total at the end of the year

5. Trees planted/ survival rate

Description	Within lease area	Outside lease area
i) Number of trees planted during the year		
ii) Survival rate in percentage		
iii) Total no. of trees at the end of the year		

6. Type of Machinery: Give the following information for the types of machinery in use such as hoist, fans, drills, loaders, excavators, dumpers, haulages, conveyors, pumps, etc.

Type of machinery	Capacity of each type of machinery	Unit (in which capacity is reported)	No. of machinery	Electrical/ Non-electrical (specify)	Used in opencast/ underground (specify)

7(ii) Details of mineral Treatment Plant, if any: Give a brief description of the process capacity of the machinery deployed and its availability. (Submit Flow Sheet and Material Balance of the Plant separately).

(ii) Furnish following information:

Item	Tonnage	Average Grade
Feed:		
Concentrates/processed products :	(mention name)	
By-products/Co-products:	(mention name)	
Tailings:		

PART-VI (PRODUCTION, DESPATCHES AND STOCKS)

(To be submitted separately for each mineral)

(Unit of Quantity in Tonnes; indicate unit of quantity if not in tonnes)

1. Production and Stocks of ROM ore

	Opening stocks		Production		Closing stocks	
	Quantity	Metal content/grade	Quantity	Metal content/grade	Quantity	Metal content/grade
A. From Underground workings						
i) From Development						
ii) From Stopping						
B. From Opencast workings						
Total						

2. Ex-mine price of the ore produced (₹ per unit):

3. Recoveries at Concentrator/Mill/Plant:

Opening stocks of the Ore at concentrator/plant		Ore received from the mine		Ore treated	
Quantity	Metal content/grade	Quantity	Metal content/grade	Quantity	Metal content/grade

Concentrates * Obtained			Tailings		Closing stocks of concentrates at the concentrator/plant	
Quantity	Metal content/Grade	Value (₹)	Quantity	Metal content/grade	Quantity	Metal content/grade

*In case of any leaching method adopted, give quantity recovered and grade contained separately.

4. Recovery at the Smelter/Mill/Plant:

Opening Stocks of the concentrates at the smelter /plant	Concentrates received from concentrator/plant	Concentrates received from other sources (specify)	Concentrates sold (if any)

Quantity	Metal content/ grade	Quantity	Metal content/ grade	Quantity	Metal content/ grade	Quantity	Metal content/ grade

Concentrates treated		Closing stocks of concentrate at the Smelter/Plant		Metals(*) recovered (specify)			Other by-products, if any, recovered		
Quantity	Metal content/ grade	Quantity	Metal content/ grade	Quantity	Grade	Value (₹)	Quantity	Grade	Value (₹)

(*) Please give category-wise break-up viz. blister, fire refined copper, cathodes, electrolytic copper wire bars, lead ingots, zinc cathodes, zinc dross, gold, tungsten etc.

5. Sales during the year:

Metal/ Product	Opening stocks of Metals/Products		Place of sale	Metals/Products sold(@)			Closing stocks of Metals/Products	
	Quantity	Grade		Quantity	Grade	Value(#) (₹)	Quantity	Grade

Note:

(#) Please give ex-plant sale value

(@) Please give category-wise break-up of metals and other products sold

6. Details of deductions made from sale value for computation of Ex-mine price (₹/ Unit)

Deduction claimed #	Amount (in ₹/ Unit)	Remarks
a) Cost of transportation (indicate loading station and distance from mine in remarks)		
b) Loading and unloading charges		
c) Railway freight, if applicable		

(indicate destination and distance)		
d) Port Handling charges/ export duty (indicate name of port)		
e) Charges for sampling and analysis		
f) Rent for the plot at Stocking yard		
g) Other charges (specify clearly)		
Total (a) to (g)		

Not applicable for captive dispatches and ex-mine sales

7. Sales/ Dispatches of ore and concentrates effected for Domestic Purposes and for Exports:

Grade (ore/ Conc.)	Nature of Despatch (indicate whether Domestic Sale or Domestic Transfer or Captive consumption or Export)	For Domestic Purposes				For export		
		Registration number as allotted by the Indian Bureau of Mines to the buyer ##	Consignee name ##	Quantity	Sale value (₹)	Country	Quantity	F.O.B Value(₹)

To indicate separately if more than one buyer

NOTE:- Mine owners are required to substantiate domestic sale value/ FOB value for each grade quoted above with copy of invoices (not to be submitted with the return; to be produced whenever required).

8. Give reasons for increase/decrease in production/nil production, if any, during the year compared to the previous year.

-
-

9. Give reasons for increase/decrease in grade wise ex-mine price, if any, during the year compared to the previous year.

-
-

PART-VII: COST OF PRODUCTION

Cost of production per unit of ore/mineral produced

Sl.No.	Item	Cost per unit (₹)
(i)	Direct Cost	
	(a) Exploration	
	(b) Mining	
	(c) Beneficiation(Mechanical Only)	
(ii)	Over-head cost	
(iii)	Depreciation	
(iv)	Interest	
(v)	Royalty	
(vi)	Payments made to DMF	
(vii)	Payments made to NMET	
(viii)	Taxes	
(ix)	Dead Rent	
(x)	Others (specify)	
	Total	

Note: Information given under Part VII will be kept confidential. The Government, however, will be free to utilize the information for general studies without revealing the identity of the firm.

VERIFICATION

I certify that the information furnished above is correct and complete in all respects.

Designation:

Owner/Agent/Mining Engineer/Manager

FORM G3

[See rule 45(5)(c)(iii)]

For the financial year 1st April, 20____ to 31st March, 20____

ANNUAL RETURN

[To be used for precious and semi-precious stones]

To

- (i) The Regional Controller of Mines
Indian Bureau of Mines

____ Region,

PIN:

(Please address to Regional Controller of Mines in whose territorial jurisdiction the mines falls as notified from time to time by the Controller General, Indian Bureau of Mines under rule 62 of the Mineral Conservation and Development Rules, 1988)

- (ii) The State Government

PART – I (General)

1. Details of Mine:	
(a) Registration number allotted by Indian Bureau of Mines (to give registration number of the Lessee/Owner)	
(b) Mine Code (allotted by Indian Bureau of Mines)	
(c) Name of the Mineral	
(d) Name of Mine	
(e) Name(s) of other mineral(s), if any, produced from the same mine	
2. Location of the Mine :	
Village	
Post Office	
Tahsil/Taluk	
District	
State	
PIN Code	
Fax no:	E-mail:
Phone no:	Mobile:
3. Name and address of Lessee/Owner (along with fax no. and e-mail):	
Name of Lessee/Owner	
Address	
District	
State	
PIN Code	
Fax no:	E-mail:
Phone No:	Mobile:
4. Registered Office of the Lessee:	
5. Director in charge :	
6. Agent :	
7. Manager :	
8. Mining Engineer in charge:	
9. Geologist in charge :	
10. Transferor (previous owner), if any, and date of transfer:	

11. Particulars of area operated/Lease (Furnish information on items (i) to (vi) lease-wise in case mine workings cover more than one lease)			
(i) Lease number allotted by the State Government.....			
(ii) Area under lease (hectares):			
Under Forest			
Outside Forest			
Total			
(iii) Date of execution of mining lease deed			
(iv) Period of lease			
(v) Area for which surface rights are held (hectares)			
Under Forest			
Outside Forest			
Total			
(vi) Date and period of renewal (if applicable)			
(vii) In case there is more than one mine in the same lease area, indicate name of mine and mineral produced			
12. Lease area (surface area) utilisation as at the end of year (hectares):	Under forest	Outside forest	Total
(i) Already exploited and abandoned by opencast (O/C) mining			
(ii) Covered under current (O/C) Workings			
(iii) Reclaimed/rehabilitated			
(iv) Used for waste disposal			
(v) Occupied by plant, buildings, residential, welfare buildings and roads			
(vi) Used for any other purpose (specify)			
(vii) Work done under progressive mine closure plan during the year			
13. Ownership/exploiting Agency of the mine: (Public Sector/Private Sector/Joint Sector)			

PART - II (Employment and Wages)

1. Number of supervisory staff employed at the mine		
Description	Wholly employed	Partly employed
(i) Graduate Mining Engineer		
(ii) Diploma Mining Engineer		
(iii) Geologist		
(iv) Surveyor		
(v) Other administrative and technical supervisory staff		
Total:		
2.(i) Number of days the mine worked:		
(ii) No. of shifts per day:		
(iii) Indicate reasons for work stoppage in the mine during the year (due to strike, lockout, heavy rain, non-availability of labour, transport bottleneck, lack of demand, uneconomic operations, etc.) and the number of days of work stoppage for each of the factors separately .	Reasons	No. of days

3. Employment and salary/wages paid #:

Maximum number of persons employed on any one day during the year:								
(i) In workings below ground on (date).....(a) (number).....								
(ii) In all in the mine on (date).....(a) (number).....								
Classification	Total number of man days worked during the year			No. of days worked during the year	Average daily number of persons employed			Total Wages /Salary for the year (₹)
	Direct	Contract	Total		Male	Female	Total	
(1)	2(A)	2(B)	2(C)	(3)	4(A)	4(B)	4(C)	(5)
Below Ground								
Opencast								
Above Ground								
Total:								

To include all employees exclusive to the mine and attached factory, workshop or mineral dressing plant at the mine site

PART-II A (Capital Structure)

1. Value of Fixed Assets* (₹.....)						
(in respect of the mine, beneficiation plant, mine work-shop, power and water installation)						
In case this information is furnished as combined information in another mine's return please specify Mine Code/Mine Name:						
Description	At the beginning of the year (₹)	Additions during the Year (₹)	Sold or discarded during the year (₹)	Depreciation during the year (₹)	Net closing Balance (₹) (2+3)-(4+5)	Estimated market value** (₹)
1	2	3	4	5	6	7
(i) Land***						
(ii) Building:						
Industrial						
Residential						
(iii) Plant and Machinery including transport equipment						
iv) Capitalised Expenditure such as pre-production exploration, development, major overhaul and repair to machinery etc. (As prescribed under Income Tax Act)						
Total:						

* In case the fixed assets are common to more than one mine, furnish combined information for all such mines together in any one of the mine's return. In the returns for other mines, give only a cross reference to the particular mine's return where-in the information is included.

** Optional and may be furnished in respect of items (i), (ii) and (iii) if the mine owner desires.

*** Including any non-recurring expenditure incurred on the acquisition of land.

2. Source of Finance (at the end of the year) :		
(i) Paid up Share Capital (₹)		
(ii) Own Capital (₹)		
(iii) Reserve and Surplus (All Types)(₹)		
(iv) Long Term loans outstanding (#)(₹)		
Name of the Institution/Source	Amount of Loan (₹)	Rate of Interest

(#) Indicate the names of the lending institutions such as State Finance Corporation, Industrial Development and other Public Corporations, Co-operative Banks, Nationalised Banks and other sources along with the amount of loan from each source and the rate of interest at which loan has been taken.

3. Interest and Rent (₹)	
(i) Interest paid during the year	
(ii) Rents (excluding surface rent) paid during the year	

PART - III (Consumption of Materials)

1. Quantity and cost of material consumed during the year			
Description	Unit	Quantity	Value (₹)
(i) Fuel			
(a) Coal	Tonnes		
(b) Diesel Oil	Ltrs.		
(c) Petrol	Ltrs.		
(d) Kerosene	Ltrs.		
(e) Gas	Cu.M.		
(ii) Lubricant			
(a) Lubricant oil	Ltrs.		
(b) Grease	Kgs.		
(iii) Electricity			
(a) Consumed	Kwh		
(b) Generated	Kwh		
(c) Sold	Kwh		
(iv) Explosives (furnish full details in Part IV)			
(v) Tyres	Nos.		
(vi) Timber and Supports			
(vii) Drill rods and kits	Nos.		
(viii) Other spares and stores			
2. Royalty, Rents and Payments made to DMF and NMET (₹):			
X		Paid for current year	Paid towards past arrears
(a) Royalty			
(b) Dead rent			
(c) Surface rent			
(d) Payment made to DMF			
(e) Payment made to NMET			

3. Compensation paid for felling trees during the year (₹)			
4. Depreciation on fixed assets (₹)			
5. Taxes and cesses			
X		Amount in Rupees paid during the year to:	
X		Central Govt.	State Govt.
(i)	Sales Tax		
(ii)	Welfare cess		
(iii) Other taxes and cesses:-			
	(a) Mineral cess		
	(b) Cess on dead rent		
	(c) Others (please specify)		
6. Other expenses (₹):			
(i)	Overheads		
(ii)	Maintenance		
(iii)	Money value of other benefits paid to workmen		
(iv)	Payment made to professional agencies		

Part –IV (Consumption of Explosives)

Licensed capacity of magazine: (specify unit separately in kg/tonne, numbers, metres)		Table IV (Continuation of explosives)			
		Item	Unit	Capacity	
Classification of Explosives	Unit	Quantity consumed during the year		Estimated requirement during the next year	
		Small dia. (upto 32 mm)	Large dia. (above 32 mm)	Small dia. (upto 32 mm)	Large dia. (above 32 mm)
1.Gun Powder	Kg.				
2.Nitrate Mixture	Kg.	X	X	X	X
a. Loose ammonium nitrate					
b. Ammonium nitrate in cartridged form					
3. Nitro compound	Kg.				
4. Liquid Oxygen soaked cartridges	Kg.				
5.Slurry explosives (Mention different trade names)	Kg.				
6. Detonators	No.s	X	X	X	X
i) Ordinary					
ii) Electrical		X	X	X	X
(a) Ordinary					
(b) Delay					
7. Fuse	Mts	X	X	X	X
(a)Safety Fuse					
(b)Detonating Fuse					
8. Plastic ignition cord	Mts				
9. Others (specify)	(Mention the unit)				

Different sizes of soaked liquid oxygen cartridges to be reported in equivalent kg. as per manufacturer's instruction.

PART-V (General Geology and Mining)

(Items 2 and 3 to be submitted separately for each mineral)

1. Exploration

1(i) Exploration activities during the year:

		At the beginning of the year	During the year	Cumulative	Grid spacing/ Dimension
Drilling	No of holes				
	Metrage				
Pitting	No of pits				
	Excavation (in m ³)				
Trenching	No of trenches				
	Excavation (in m ³)				
	Length covered (in metre)				
Expenditure on exploration (₹)					X

1(ii). Any other exploration activity during the year:

2. Reserves and Resources estimated (in tonnes).

Classification	Code	At the beginning of the year 1.4.20____	Assessed during the year	Depletion of reserves during the year	Balance resources as on 31.3.20____
(1)	(2)	(3)	(4)	(5)	(6)= (3+4-5)
A. Mineral Reserve					
1. Proved Mineral Reserve	111				
2. Probable mineral Reserve	121				
	122				
3. Total Reserves					
B. Remaining Resources					
1. Feasibility mineral Resource	211				
2. Prefeasibility mineral resource	221				
	222				
3. Measured mineral resource	331				
4. Indicated mineral resource	332				
5. Inferred mineral resource	333				
6. Reconnaissance mineral resource	334				
7. Total remaining Resources					
Total (A+B)					

3. Subgrade-Mineral Reject (in tonnes)

(Information to be given in respect of mineral fractions generated and stacked/ dumped below cut-off grade and above threshold value, if prescribed, having no immediate sale value)

At the beginning of the year	Generated during the year	Disposed during the year	Total stacked at the end of the year	Average grade of the mineral reject generated.

4. Overburden and Waste (in m³)

(Information to be given in respect of overburden/ waste and mineral fractions generated below threshold value, if prescribed)

At the beginning of the year	Generated during the year	Disposed in dumps during the year	Backfilled during the year	Total at the end of the year

5. Trees planted/ survival rate

Description	Within lease area	Outside lease area
i) Number of trees planted during the year		
ii) Survival rate in percentage		
iii) Total no. of trees at the end of the year		

6. Type of Machinery: Give the following information for the types of machinery in use such as hoist, fans, drills, loaders, excavators, dumpers, haulages, conveyors, pumps, etc.

Type of machinery	Capacity of each type of machinery	Unit (in which capacity is reported)	No. of machinery	Electrical/ Non-electrical (specify)	Used in opencast/ underground (specify)

7(i) Details of mineral Treatment Plant, if any: Give a brief description of the process capacity of the machinery deployed and its availability. (Submit Flow Sheet and Material Balance of the Plant separately).

(ii) Furnish following information:

Item	Tonnage	Average Grade
Feed:		
Concentrates/processed products :	(mention name)	
By-products/Co-products:	(mention name)	
Tailings:		

PART-VI (PRODUCTION, DESPATCHES AND STOCKS)

(To be submitted separately for each mineral)

1. R.O.M production:

Category	Unit of quantity	Quantity
(a) Opencast workings		
(b) Underground workings		

2. Production, stocks and despatches:-

	Gem Variety				Industrial		Others	
	Rough and uncut stones		Cut and Polished Stones					
	No. of stones	Qty @	No. of stones	Qty @	No. of stones	Qty @	No. of stones	Qty @
A .Opening stocks								
B. Production								
i) From Opencast Working								
ii) From underground working								
TOTAL (Production)								
C. Despatches								
D. Closing Stocks								
E. Ex-mine Price (₹)								

@: The Unit of quantity viz. Carats/Grams/Kilogram etc., as the case may be, should be indicated under quantity

3. Details of deductions made from sale value for computation of Ex-mine price (₹/ Unit)

Deduction claimed#	Amount (in ₹/ Unit)	Remarks
a) Cost of transportation (indicate loading station and distance from mine in remarks)		
b) Loading and unloading charges		
c) Railway freight, if applicable (indicate destination and distance)		
d) Port handling charges/ export duty (indicate name of port)		
e) Charges for sampling and analysis		
f) Rent for the plot at stocking yard		
g) Other charges (specify clearly)		
Total (a) to (g)		

Not applicable for captive dispatches and ex-mine sales

4. Sales/ Despatches effected for Domestic Purposes and for Exports:

Grade (*)	Nature of Despatch (indicate whether Domestic Sale or Domestic Transfer or Captive consumption or Export)	For Domestic Purposes				For export		
		Registration number as allotted by the Indian Bureau of Mines to the buyer ##	Consignee name ##	Quantity	Sale value (₹)	Country	Quantity	F.O.B Value(₹)

*: To indicate rough and uncut stones, cut and polished stones, industrial, others

To indicate separately if more than one buyer.

NOTE:- Mine owners are required to substantiate domestic sale value/ FOB value for each grade of ore quoted above with copy of invoices (not to be submitted with the return; to be produced whenever required).

5. Give reasons for increase/decrease in production/nil production, if any, during the year compared to the previous year.

- a)
- b)

6. Give reasons for increase/decrease in grade wise ex-mine price, if any, during the year compared to the previous year.

- a)
- b)

PART-VII: COST OF PRODUCTION

Cost of production per unit of ore/mineral produced

Sl.No.	Item	Cost per unit (₹)
(i)	Direct Cost	
	(a) Exploration	
	(b) Mining	
	(c) Beneficiation(Mechanical Only)	
(ii)	Over-head cost	
(iii)	Depreciation	
(iv)	Interest	
(v)	Royalty	
(vi)	Payments made to DMF	
(vii)	Payments made to NMET	
(viii)	Taxes	
(ix)	Dead Rent	
(x)	Others (specify)	
	Total	

Note: Information given under Part VII will be kept confidential. The Government, however, will be free to utilize the information for general studies without revealing the identity of the firm.

VERIFICATION

I certify that the information furnished above is correct and complete in all respects.

FORM-H

(See rule 46)

(Notice of certain appointment-resignation-termination-change of address)

IMPORTANT INSTRUCTIONS FOR FILLING THE FORM

- This Form, duly filled in must reach the concerned authorities as prescribed within the rule, within fifteen days of new appointment or termination from employment or change in address of Agent, Mining Engineer, Geologist or Manager, by online or Email.
- This should be sent to the Regional Controller in whose territorial jurisdiction the mineral concession falls as notified from time to time by the Controller General, Indian Bureau of Mines, under rule 66 of the ¹⁶⁰[Mineral Conservation Development Rules, 2017].
- The form should be digitally signed by the concerned person.

1. **IBM Registration Number**
2. **Type of mineral concession** RP (o)- PL (o)- ¹⁶¹[composite licence] ¹⁶²[or exploration licence] (o)-ML (o)
3. **Unique number of R.P-PL-**
¹⁶³[composite licence]
¹⁶⁴[or exploration licence]
4. **Mining Lease Code**
5. **Mine Code**
6. **Name and address of the mineral Concession holder**
(Information will be system generated. Linked with Entry 3 of Form 'K')
7. **Particulars of the Mineral concession**
(Information will be system generated. Linked with Entry 4 / 5 / 6 of Form 'K')
8. **Location of the Mining Lease**
(Information will be system generated. Linked with Entry 4 /5 /6 of Form 'K')
9. **Please indicate whether notice is given in respect of:**
 - (a) New appointment
 - (b) Resignation/termination of employment
 - (c) Change of address:

¹⁶⁰ Substituted by G.S.R. 51(E), dated 21st January, 2024

¹⁶¹ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁶² Inserted by G.S.R. 51(E), dated 21st January, 2024

¹⁶³ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁶⁴ Inserted by G.S.R. 51(E), dated 21st January, 2024

10. In case of appointment of Agent/Mining Engineer/Geologist/Manager, please indicate

Name	Designation	Address	Qualification	University/Institution from which passed	E-mail	Mobile no.	Date of appointment

11. If the appointment is that of a Mining Engineer or a Geologist, please indicate:

(Please tick mark whichever is applicable)

(i) Whether appointment is:

Whole time

Part time

(ii) Names, locations and ownership of all other mines-Prospecting Licence/ ¹⁶⁵[composite licence/exploration Licence] which he will supervise:

12. In case of resignation/termination of employment of Agent/Mining Engineer/Geologist/Manager, please indicate:

Name	Designation	Date of resignation/termination of employment

[In case the vacancy so created has been filled in, please furnish the particulars of the same in columns 7 and 9(a)]

13. In case of change of address of the Lessee/Agent/Mining Engineer/Geologist/Manager, please indicate:

Name	Designation	Present Address	Date of change of address

Place:

Date:

Signature

Name in full:

Designation: Owner/Agent/Mining Engineer/Manager

¹⁶⁵ Inserted by G.S.R. 51(E), dated 21st January, 2024

FORM-I
(See rule 47)
(Notice of sinking shafts and boreholes)

IMPORTANT INSTRUCTIONS FOR FILLING THE FORM

- This Form, duly filled in must reach the concerned authorities as prescribed within the rule, within fifteen days after the commencement of sinking shafts/boreholes, by online or Email.
- This should be sent to the Regional Controller in whose territorial jurisdiction the mineral concession falls as notified from time to time by the Controller General, Indian Bureau of Mines, under rule 66 of the ¹⁶⁶[Mineral Conservation Development Rules, 2017].
- The form should be digitally signed by the concerned person.

1. **Type of Mineral Concession ---** Mining Lease ☐
Prospecting Licence ☐
¹⁶⁷[composite licence] ☐
¹⁶⁸[or exploration licence]

2. **IBM Registration Number**

3. **Unique IBM Concession Number**

Prospecting License

¹⁶⁹[composite licence]

¹⁷⁰[or exploration licence]

4. **Mining Lease Code**

5. **Mine Code**

6. **Name of the mineral or minerals for which prospecting license or ¹⁷¹[composite licence] ¹⁷²[or exploration licence] /mining lease has been granted:**

(Information will be system generated. Linked with Entry 4 and 5 of Form 'K'.)

7. **Name and address of the mineral concession holder**

(Information will be system Generated. Linked with Entry 4 and 5 of Form 'K'.)

8. **Particulars of mineral concession**

(Information will be system generated. Linked with Entry 4 and 5 of FORM 'K'.)

9. **Location of the Mineral Concession**

(Information will be system generated. Linked with Entry 4 and 5 of FORM 'K'.)

¹⁶⁶ Substituted by G.S.R. 51(E), dated 21st January, 2024

¹⁶⁷ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁶⁸ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹⁶⁹ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁷⁰ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹⁷¹ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁷² Inserted by G.S.R. 51(E), dated 21st January, 2024

10. Number of shafts/boreholes intended to be sunk or extended
(Attach a plan on a scale not less than 1 centimetre = 40 metres
indicating the precise location of the shaft/borehole). _____
11. Purpose for which each of the shafts/boreholes is intended
to be sunk or extended _____
12. Type of shaft(s)/contemplated and its/their dimension(s) _____
13. Type of drill used and size of core to be obtained. _____
14. Intended depth upto which shaft/boreholes is to be extended _____
15. If the shaft/borehole commences from underground
the depth of the level at which the shaft/borehole is sunk _____
16. Name and qualification of the geologist or
mining engineer in charge of the operation. _____
17. Date of commencement of proposed
shaft sinking/drilling operation. _____

Place:

Date:

Signature

Name in full:

Designation: Owner/Geologist/Mining Engineer

FORM-J

[See rule 48(1)]

(Particulars to be recorded in respect of each bore-hole/pit/shaft).

1. **Type of Mineral Concession ---**
Mining Lease ©
Prospecting Licence ©
¹⁷³[composite licence] ©
¹⁷⁴[or exploration licence]
2. **IBM Registration Number**
3. **Unique IBM Concession Number**
Prospecting Licence
¹⁷⁵[composite licence]
¹⁷⁶[or exploration licence]
4. **Mining Lease Code**
5. **Mine Code**
6. **Name of the mineral or minerals for which**
prospecting licence or ¹⁷⁷[composite licence] ¹⁷⁸[or exploration licence] /mining lease
has been granted:
(Information will be system generated. Linked with Entry 4 and 5 of Form 'K'.)
7. **Name and address of the mineral concession holder**
(Information will be system generated. Linked with Entry 4 and 5 of Form 'K'.)
8. **Particulars of the mineral concession**
(Information will be system generated. Linked with Entry 4 and 5 of FORM 'K'.)
9. **Location of the Mineral Concession**
(Information will be system generated. Linked with Entry 4 and 5 of FORM 'K'.)
10. **Type and make of the drill and size of core** _____
11. **Bore hole/pit number and its location**

(a) Reduced levels at the collar of the borehole/pit. _____
(b) Inclination and bearing of the hole _____
(c) Altitude of the formation _____
12. **Duration of drilling/pitting**
(a) Date of commencement _____

¹⁷³ Substituted by G.S.R.780(E) dated 3rd November, 2021

FORM-K

[See Rule 45(1)]

(Application for registration under Rule 45 of MCDR for undertaking mining or prospecting or reconnaissance operations, or trading or storage or end use or ¹⁷⁹[export or import] of minerals)

IMPORTANT INSTRUCTIONS FOR FILLING THE FORM

- If there is any change after registration in any of the fields, the form may be updated accordingly and informed to the Controller General, Indian Bureau of Mines.
- Application to be filed through the respective Regional Office of Indian Bureau of Mines, under whose jurisdiction the State or Union territory in which the mining or prospecting or reconnaissance operations or trading or storage or end use or ¹⁸⁰[export or import] of minerals is being undertaken, falls.
- The form should be digitally signed by the concerned signing authority

1. Category of applicant: (Please tick mark below)

- ☐ Individual
- ☐ Association of individuals
- ☐ Firm
- ☐ Company registered under Companies Act.

2. Type of business/activity: (Please tick mark options given below, multiple options permitted)

- ☐ Reconnaissance
- ☐ Prospecting
- ☐ Mining
- ☐ Trading of minerals
- ☐ Storage of minerals
- ☐ End-user of minerals (including consumption from captive mines)
- ☐ ¹⁸¹[export or import] of minerals (also mention IE Code)

3. Details of the applicant:

(Please tick mark Government Company () or Others ())

(a) In case of individual applicant (includes owner, agent, mining engineer or manager of every mine):

(i)	Name	Shri / Smt. (First name) / (Middle name) / (Last name)
(ii)	Position in mine (please tick mark the option)	☐ Owner ☐ Agent ☐ Mining engineer ☐ Manager
(iii)	Address	(Door number/ building number/ plot number)
	Block	(street number / block number)
	Taluka	
	District	
	State / U.T	
	Pin code	
	E-mail	
(iv)	Telephone	Office : Fax : Residence : Mobile :
(v)	PAN number	
(vi)	AADHAR number	
(vii)	Passport number	

¹⁷⁹ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁸⁰ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁸¹ Substituted by G.S.R.780(E) dated 3rd November, 2021

(b) In case of association of individuals:

(i)	Name of Association, or name of the Signing authority of association	
(ii)	Address	(Door number/ building number/ plot number)
	Block	(street number / block number)
	Taluka	
	District	
	State / U.T	
	Pin code	
	E-mail	
(iii)	Telephone	Office : Fax : Residence : Mobile :

(iv)	Details of Associates	Name	PAN number	Aadhar Number	Citizenship	Passport number

(v)	Details of nominated owner under section 76 of the Mines Act, 1952	Name	
		Designation	
		Address	
		Phone no	Office: Residence: Mobile: E mail:
		PAN no.	
		Passport no.	

(c) In case of a Firm:

(i)	Name of Firm					
(ii)	Address	(Door number/ building number/ plot number)				
	Block	(street number / block number)				
	Taluka					
	District					
	State / U.T					
	Pin code					
	E-mail					
(iii)	Telephone	Office : Fax : Residence : Mobile :				
(iv)	Details of partners in the Firm	Name of partner	PAN number	Aadhar Number	Citizenship	Passport number
	Firm Type (Tick)	Registered/Unregistered				

(v)	Registration number of Firm (as registered under Indian Partnership Act, 1932)			
	PAN No.	TIN No.	TAN No.	
(vi)	Name of the State where registered			
(vii)	Date of registration	(dd/mm/yyyy)		
(viii)	Details of nominated owner under section 76 of the Mines Act, 1952	Name		
		Designation		
		Address		
		Phone number	Office: Residence: Mobile: Email:	
		PAN No.		
		Passport No.		

(d) In case of a company:

(i)	Name of Company					
(ii)	Registered Address					
	State / U.T					
	Pin code					
	E-mail					
(iii)	Telephone	Office : Fax : Mobile :				
(iv)	Details of Directors in the Company	Name	PAN number	Aadhar Number	Citizenship	Passport number
(v)	Registration number of Company (as registered under Companies Act, 2013)					
	TAN No.			TIN No.		
(vi)	Name of the State where registered					
(vii)	Date of registration	(dd/mm/yyyy)				
(viii)	Details of nominated owner under	Name				
		Designation				
		Address				

	section 76 of the Mines Act, 1952	Phone no	Office: Residence: Mobile: E mail:
		PAN no.	
		Passport no.	

(e) State Licence Details (only for a State License Holder under section 23C of MMDR Act, 1957)

State License No.	State	Area of Business/District	Date of Issue	Valid upto(dd/mm/yyyy)	Issuing Authority	Name of Minerals

4. Please give details of mines held at the time of applying for registration if any, or update the information due to any changes after registration, by the Individual/ Association of Individuals / Firms or Company.

Sl. No.	Name of the mine	Lease Code assigned by IBM	Mine code assigned by IBM

Mine Code	Location of Mining Lease area								Area held under ML (in ha.)	Name of Minerals	Date of Registration of ML	Period of Lease	
	Village	Taluka	District	State	Topo-sheet number	Cadastral Survey or Khasra Number	Latitude (ddm mss)	Longitude (dd mm ss)				From	To

5. Please give details of prospecting licence / ¹⁸²[composite licence] ¹⁸³[or exploration licence] held at the time of applying for registration, if any, or update the information due to any changes after registration, by the Individual/ Association of Individuals / Firms or Company.

Location of PL/ ¹⁸⁴ [composite licence] ¹⁸⁵ [or exploration licence] area									Area held under PL/ ¹⁸⁶ [composite licence] ¹⁸⁷ [or exploration licence] (in ha.)	Name of Minerals	Date of grant	Period	Date of execution of licence- ¹⁸⁸ [Composite Licence] ¹⁸⁹ [or exploration licence]
Unique Number assigned by IBM	Village	Taluka	District	State	Topo-sheet number	Cadastral Survey or Khasra Number	Latitude (ddmmss)	Longitude (dd mm ss)					

¹⁸² Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁸³ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹⁸⁴ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁸⁵ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹⁸⁶ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁸⁷ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹⁸⁸ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁸⁹ Inserted by G.S.R. 51(E), dated 21st January, 2024

6. Please give details of reconnaissance licence held at the time of applying for registration, if any, or update the information due to any changes after registration, by the Individual/ Association of Individuals / Firms or Company.

Location of RP									Area held under RP (in ha)	Name of Minerals	Date of grant	Period	Date of execution of licence
Unique Number assigned by IBM	Villages	Talukas	Districts	State	Topo-sheet number	Cadastral Survey or Khasra Number	Latitude (ddm mss)	Longitude (dd mm ss)					

7. If engaged in mineral trading-storage and ¹⁹⁰[export or import], please give details of storage facilities owned at the time of applying for registration or update the information due to any changes after registration.

Location(s) of area used for storage							Area Owned/ held under rent (In hectares)	Mineral Name	Remarks
Sr.No.	Village	Taluka	District	State	Latitude (ddmmss)	Longitude (ddmmss)			

8. If engaged in production or manufacturing through a mineral based industry, please give details of mineral consumption or update the information due to any changes after registration

Sr. No.	Location(s) of plant where mineral is used						Name of the plant	Mineral consumed	Average consumption per year	Remarks
	Village	Taluka	District	State	Latitude (ddmmss)	Longitude (ddmmss)				

VERIFICATION

I, -----S/o / D/o / W/o----- age ----- occupation----- resident of ----- village/town/city post office----- police station ----- taluka----- district----- state----- certify that the information furnished above is complete and correct in all respects.

[See rule 45(6)(a)]

For the month of _____ 20

MONTHLY RETURN

IMPORTANT INSTRUCTIONS FOR FILLING THE FORM

- This Form, duly filled in must reach the concerned authorities as prescribed within the rule, before the tenth day of every month in respect of the preceding month, through online.
- This should be sent to the Regional Controller in whose territorial jurisdiction the mineral concession falls as notified from time to time by the Controller General, Indian Bureau of Mines, under rule 66 of the Mineral Conservation Development Rules, 2017.
- The form should be digitally signed by the concerned person.
- Quantity to be reported in tonnes. If not please specify the unit.
- Value to be reported in rupees only.
- Registration number means the registration number allotted by Indian Bureau of Mines to the lessee/owner or to a trader/ stockist / end-use mineral based industry / exporter.
- Ore grade for various minerals, as given in the form, to be strictly used while reporting.

1. GENERAL PARTICULARS

Registration No (allotted by IBM)			
Name and Address			
Plant Name/Storage location, if available			
Latitude and Longitude			
Name of activity(s) reported (Tick whichever is/are applicable)	(a)	Trading	
	(b)	Export	
	(c)	End-use	
	(d)	Storage	

2. DETAILS OF THE ACTIVITY

(Quantity to be reported in tonnes. If not please specify the unit)

(a) Trading Activity

Mineral / Ore	Grade of mineral/ ore #	Opening stock	Ore purchased during the month (within the country)			Ore imported during the month			Ore dispatched during the month			Closing stock
		Quantity	Registration number as allotted by the Indian Bureau of Mines to the supplier (to indicate separately if more than one supplier)	Quantity	Value (in ₹)	Country	Quantity	Value (in ₹)	Registration number as allotted by the Indian Bureau of Mines to the buyer (to indicate separately if more than one buyer)	Quantity	Value (in ₹)	Quantity

(b) Export of ore

Mineral/Ore	Grade of mineral/	Opening stock	Ore procured during the month for export (from within the country)	Ore imported during the month	Ore exported during the month	Closing stock
-------------	-------------------	---------------	---	-------------------------------	-------------------------------	---------------

	ore #											
		Quantity	Registration number as allotted by the Indian Bureau of Mines to the supplier (to indicate separately if more than one supplier)	Quantity	Value (in ₹)	Country	Quantity	Value (in ₹)	Country	Quantity	Value (in ₹)	Quantity

(c) End-use mineral based activity

Mineral/ Ore	Grade of mineral / ore #	Opening stock	Ore procured during the month (within the country)			Ore imported during the month			Ore consumed during the month		Ore dispatched during the month			Closing stock
		Quantity	Registration number as allotted by the Indian Bureau of Mines to the supplier (to indicate separately if more than one supplier)	Quantity	Value (in ₹)	Country	Quantity	Value (in ₹)	Quantity	Value (in ₹)	Registration number as allotted by the Indian Bureau of Mines to the buyer (to indicate separately if more than one buyer)	Quantity	Value (in ₹)	Quantity

(d) Storage Activity

Mineral/ Ore	Grade of mineral / ore #	Opening stock	Ore received during the month (within the country)			Ore imported during the month			Ore dispatched during the month			Closing stock
		Quantity	Registration number as allotted by the Indian Bureau of Mines to the supplier (to indicate separately if more than one supplier)	Quantity	Value (in ₹)	Country	Quantity	Value (in ₹)	Registration number as allotted by the Indian Bureau of Mines to the person/company to whom ore dispatched (to indicate separately if more than one person/company)	Quantity	Value (in ₹)	Quantity

VERIFICATION

Grades of minerals to be reported in the above tables are as given below. (If separate grades are not mentioned below, report the mineral name against grade):

MINERAL	GRADES
¹⁹¹ [Iron ore	(i) Lumps:
	a) Below 45% Fe (For Magnetite Ore only)
	b) 45% to below 51% Fe
	c) 51% to below 55% Fe
	d) 55% to below 58% Fe
	e) 58% to below 60% Fe
	f) 60% to below 62% Fe
	g) 62% to below 65% Fe
	h) 65% and above Fe
	(ii) Fines:
	a) Below 45% Fe (For Magnetite Ore only)
	b) 45% to below 51% Fe
	c) 51% to below 55% Fe
	d) 55% to below 58% Fe
	e) 58% to below 60% Fe
	f) 60% to below 62% Fe
	g) 62% to below 65% Fe
	h) 65% and above Fe
	(iii) Concentrates
	¹⁹² (iv) Calibrated Lump Ore (CLO) (Quantity already reported in Lumps should not be reported against CLO)
	(a) 60% to below 62% Fe (5-40 mm size CLO)
	(b) 62% to below 65% Fe (5-40 mm size CLO)
	(c) 65% and above Fe (5-40 mm size CLO)]
Manganese Ore	(i) Ore
	a) Below 25% Mn
	b) 25% to below 35% Mn
	c) 35% to below 46% Mn
	d) 46% and above Mn
	e) Dioxide ore
	(ii) Concentrates
Bauxite	(i) For use in alumina and aluminium extraction:-
	a) Below 40% Al ₂ O ₃
	b) 40% to below 45% Al ₂ O ₃
	c) 45% to below 50% Al ₂ O ₃

¹⁹¹ Substituted by G.S.R. 294 (E), dated 11th April, 2022

¹⁹² Substituted by G.S.R 232(E), dated 16th April, 2025

	d) 50% to below 55% Al_2O_3
	e) 55% to below 60% Al_2O_3
	f) 60% and above Al_2O_3
	(ii) For use other than alumina and aluminium metal extraction
	a) Cement
	b) Abrasive
	c) Refractory
	d) Chemical
Chromite	(i) Lumps
	a) Below 40% Cr_2O_3
	b) 40% to below 52 % Cr_2O_3
	c) 52% and above Cr_2O_3
	(ii) Fines
	a) Below 40% Cr_2O_3
	b) 40% to below 52 % Cr_2O_3
	c) 52% and above Cr_2O_3
	(iii) Concentrates
	(iv) ROM ore
	a) Below 40% Cr_2O_3
	b) 40% to below 52 % Cr_2O_3
	c) 52% and above Cr_2O_3
Asbestos	a) Amphibole
	b) Chrysotile
Fluorite/Fluorspar	a) 80% and above CaF_2
	b) 70% to below 80% CaF_2
	c) 30% to below 70% CaF_2
	d) Below 30% CaF_2
Graphite	a) With 80% or more fixed carbon
	b) With 40 % or more fixed carbon but less than 80% fixed carbon
	c) With 20% or more fixed carbon but less than 40% fixed carbon
	d) With less than 20% fixed carbon
Kyanite	a) 40% and above Al_2O_3
	b) Below 40% Al_2O_3
Limestone	a) LD Grade (less than 1.5% silica content)
	b) SMS
	c) BF
	d) Chemical
	e) Cement
Rock Phosphate/ Phosphorite	a) Above 30% P_2O_5
	Above 25% to 30% P_2O_5
	Above 20% to 25% P_2O_5
	Upto 20% P_2O_5
Precious and semi- precious stones	a) Rough and uncut stones
	b) Cut and polished stones
	c) Industrial
	d) Others
¹⁹³ [Note. – Any kind of Hematite Iron Order below 45% Fe, but above threshold value, shall be included in the grade slab of ‘45% to below 51% Fe’.]

FORM M

[See rule 45(6)(b)]

For the financial year 1st April, 20____ to 31st March, 20____

ANNUAL RETURN

IMPORTANT INSTRUCTIONS FOR FILLING THE FORM

- This Form, duly filled in must reach the concerned authorities as prescribed within the rule, before the first day of July of each year for the preceding financial year, through online.
 - This should be sent to the Regional Controller in whose territorial jurisdiction the mineral concession falls as notified from time to time by the Controller General, Indian Bureau of Mines, under rule 66 of the Mineral Conservation Development Rules, 2017.
 - The form should be digitally signed by the concerned person.
 - Quantity to be reported in tonnes. If not please specify the unit.
 - Value to be reported in rupees only.
 - Registration number means the registration number allotted by Indian Bureau of Mines to the lessee/owner or to a trader/ stockist / end-use mineral based industry / exporter.
 - Ore grade for various minerals, as given in the form, to be strictly used while reporting.
 - Item 5 related to raw materials consumed may be filled up by all end use industry and iron and steel industry also.
-

1. GENERAL PARTICULARS

Registration No (allotted by IBM)			
Name and Address			
Plant Name/Storage location, if available			
Latitude and Longitude			
Name of activity(s) reported (Tick whichever is/are applicable)	(a)	Trading	
	(b)	Export	
	(c)	End-use	
	(d)	Storage	

2. DETAILS OF THE ACTIVITY

(Quantity to be reported in tonnes. If not please specify the unit)

(a) Trading Activity

Mineral/Ore	Grade of mineral/ ore #	Opening stock	Ore purchased during the year (within the country)	Ore imported during the year	Ore despatched during the year	Closing stock

		Quantity	Registration number as allotted by the Indian Bureau of Mines to the supplier (to indicate separately if more than one supplier)	Quantity	Value (in ₹)	Country	Quantity	Value (in ₹)	Registration number as allotted by the Indian Bureau of Mines to the buyer (to indicate separately if more than one buyer)	Quantity	Value (in ₹)	Quantity

(b) Export of ore

Mineral/Ore	Grade of mineral/ ore #	Opening stock	Ore procured during the year for export (from within the country)			Ore imported during the year			Ore exported during the year			Closing stock
		Quantity	Registration number as allotted by the Indian Bureau of Mines to the supplier (to indicate separately if more than one supplier)	Quantity	Value (in ₹)	Country	Quantity	Value (in ₹)	Country	Quantity	Value (in ₹)	Quantity

(c) End-use mineral based activity

Mineral/ Ore	Grade of mineral / ore #	Opening stock	Ore procured during the year (within the country)			Ore imported during the year			Ore consumed during the year		Ore despatched during the year			Closing stock
		Quantity	Registration number as allotted by the Indian Bureau of Mines to the supplier (to indicate separately if more than one supplier)	Quantity	Value (in ₹)	Country	Quantity	Value (in ₹)	Quantity	Value (in ₹)	Registration number as allotted by the Indian Bureau of Mines to the buyer (to indicate separately if more than one buyer)	Quantity	Value (in ₹)	Quantity

(d) Storage Activity

Mineral/ Ore	Grade of mineral/ ore #	Opening stock	Ore received during the year (within the country)			Ore imported during the year			Ore despatched during the year			Closing stock
		Quantity	Registration number as allotted by the Indian Bureau of	Quantity	Value (in ₹)	Country	Quantity	Value (in ₹)	Registration number as allotted by the Indian Bureau of Mines to the	Quantity	Value (in ₹)	Quantity

			Mines to the supplier (to indicate separately if more than one supplier)						person/company to whom ore despatched (to indicate separately if more than one person/company)			

NOTE:

- (a) Only end-use mineral based industry to respond to section 3 to 6
(b) Information to be given separately for each industry and each unit

3. INFORMATION REGARDING END-USE MINERAL BASED INDUSTRIES (OTHER THAN IRON AND STEEL INDUSTRY)

- (i) Name of Industry : _____ Name of Plant: _____
(ii) (a) State: _____ (b) District : _____ (c) Location : _____

(iv) Expansion programme/ Plan envisaged for future :
(v) Research and Development programme carried out during the year (give details) :

4. INFORMATION REGARDING IRON AND STEEL INDUSTRY

- (i) Name of Plant: _____
(ii) (a) State: _____ (b) District : _____ (c) Location : _____
(iii) Products manufactured with their capacity and production:

Products	Installed capacity (in tonnes)	Production (in tonnes)		Remarks
		Previous financial year	Present financial year	
(a) Sinter i) Self fluxing ii) Ordinary				
(b) Pellets				
(c) Coal i) Clean coal ii) Coke (own production)				
(d) Pig iron i) Hot metal (total) ii) Hot metal for own consumption. iii) Pig iron for sale				
(e) Sponge Iron				
(f) Hot Briquetted Iron				

(g) Steel				
i) Liquid Steel/ Crude Steel				
ii) Total Saleable Steel				
a) Semi-finished Steel				
b) Finished Steel				
(h) Tin plates				
(i) Sulphuric acid				
(j) Refractories-bricks				
(k) Fertilizers				
(l) Any other product/by-product				
Coke purchased (in tonnes)	previous year		present year	

- (iv) Expansion programme undertaken and progress made during the year:
(v) Expansion programme /Plan envisaged for future:
(vi) Research and Development programme carried out during the year (give details):

5. DETAILS OF RAW MATERIALS CONSUMED IN PRODUCTION {including Electricity (in KWh), Coal and Petroleum products}

Raw Material			Actual Consumption*				Estimated Requirement*	
Mineral/ Ore/ Metal/ Ferro- alloy	Physical Specifi- cation	Chemical Specifica- tion	Previous financial year		Present financial year			
			Indigen- ous	Import- ed	Indigen- ous	Import- ed	Next finan- cial year	Next to Next finan- cial year
(1)			(2)		(3)		(4)	(5)

* Quantity to be reported in tonnes. If not please specify the unit.

6. SOURCE OF SUPPLY

Type@	Mineral/ Ore/ Metal/ Ferro- alloy	Indigenous								Imported			
		Name and address of supplier	Source of supply (mine or area)		Indicate the distance of mine/ rail to plant (in km)	Transportation cost per unit by Rail/Road		Quantity*	Price per unit at factory site (in ₹)	Name and complete address of supplier (country wise)		Quantity purchased *	Cost per unit at factory site (in ₹)
			Mine Code	District		Mode	Cost per unit (in ₹)			Address	Country		

@ Indigenous/ Imported; * Quantity to be reported in tonnes. If not please specify the unit.

VERIFICATION

I, _____ S/o / D/o / W/o _____ age _____
 occupation _____ resident of _____ village/town/city post office _____
 police station _____ taluka _____ district _____ state _____ certify
 that the information furnished above is complete and correct in all respects.

Name in full:

Grades of minerals to be reported in the above tables are as given below. (If separate grades are not mentioned below, report the mineral name against grade):

MINERAL	GRADES
¹⁹⁴ [Iron ore	(i) Lumps:
	a) Below 45% Fe (For Magnetite Ore only)
	b) 45% to below 51% Fe
	c) 51% to below 55% Fe
	d) 55% to below 58% Fe
	e) 58% to below 60% Fe
	f) 60% to below 62% Fe
	g) 62% to below 65% Fe
	h) 65% and above Fe
	(ii) Fines:
	a) Below 45% Fe (For Magnetite Ore only)
	b) 45% to below 51% Fe
	c) 51% to below 55% Fe
	d) 55% to below 58% Fe
	e) 58% to below 60% Fe
	f) 60% to below 62% Fe
	g) 62% to below 65% Fe
	h) 65% and above Fe
	(iii) Concentrates
	¹⁹⁵ (iv) Calibrated Lump Ore (CLO) (Quantity already reported in Lumps should not be reported against CLO)
	(a) 60% to below 62% Fe (5-40 mm size CLO)
	(b) 62% to below 65% Fe (5-40 mm size CLO)
	(c) 65% and above Fe (5-40 mm size CLO)]
Manganese Ore	(i) Ore
	a) Below 25% Mn
	b) 25% to below 35% Mn
	c) 35% to below 46% Mn
	d) 46% and above Mn
	e) Dioxide ore
	(ii) Concentrates
Bauxite	(i) For use in alumina and aluminium extraction:-
	a) Below 40% Al ₂ O ₃
	b) 40% to below 45% Al ₂ O ₃

¹⁹⁴ Substituted by G.S.R. 294 (E), dated 11th April, 2022

¹⁹⁵ Substituted by G.S.R 232(E), dated 16th April, 2025

	c) 45% to below 50% Al_2O_3
	d) 50% to below 55% Al_2O_3
	e) 55% to below 60% Al_2O_3
	f) 60% and above Al_2O_3
	(ii) For use other than alumina and aluminium metal extraction
	a) Cement
	b) Abrasive
	c) Refractory
	d) Chemical
Chromite	(i) Lumps
	a) Below 40% Cr_2O_3
	b) 40% to below 52 % Cr_2O_3
	c) 52% and above Cr_2O_3
	(ii) Fines
	a) Below 40% Cr_2O_3
	b) 40% to below 52 % Cr_2O_3
	c) 52% and above Cr_2O_3
	(iii) Concentrates
	(iv) ROM ore
	a) Below 40% Cr_2O_3
	b) 40% to below 52 % Cr_2O_3
	c) 52% and above Cr_2O_3
Asbestos	a) Amphibole
	b) Chrysotile
Fluorite/Fluorspar	a) 80% and above CaF_2
	b) 70% to below 80% CaF_2
	c) 30% to below 70% CaF_2
	d) Below 30% CaF_2
Graphite	a) With 80% or more fixed carbon
	b) With 40 % or more fixed carbon but less than 80% fixed carbon
	c) With 20% or more fixed carbon but less than 40% fixed carbon
	d) With less than 20% fixed carbon
Kyanite	a) 40% and above Al_2O_3
	b) Below 40% Al_2O_3
Limestone	a) LD Grade (less than 1.5% silica content)
	b) SMS
	c) BF
	d) Chemical
	e) Cement
Rock Phosphate/ Phosphorite	a) Above 30% P_2O_5
	b) Above 25% to 30% P_2O_5
	c) Above 20% to 25% P_2O_5
	d) Upto 20% P_2O_5
Precious and semi- precious stones	a) Rough and uncut stones
	b) Cut and polished stones
	c) Industrial
	d) Others.
¹⁹⁶ [Note. – Any kind of Hematite Iron Ore below 45% Fe, but above threshold value, shall be included in the grade slab of ‘45% to below 51% Fe’.]	

¹⁹⁶ Inserted by G.S.R. 294(E), dated 11th April, 2022

FORM-N

(See Rule 50)

(Notice of transfer of ¹⁹⁷[composite licence] ¹⁹⁸[or exploration licence] or Mining Lease)

IMPORTANT INSTRUCTIONS FOR FILLING THE FORM

- This Form, duly filled in must reach the concerned authorities as prescribed within the rule, within thirty days of the date of such transfer, by online or Email.
- This should be sent to the Regional Controller in whose territorial jurisdiction the mineral concession falls as notified from time to time by the Controller General, Indian Bureau of Mines, under rule 66 of the Mineral Conservation Development Rules, 2017.
- The form should be digitally signed by the concerned person.

1. **Type of Mineral Concession ---** Mining Lease ☒

¹⁹⁹[composite licence] ☒
²⁰⁰[or exploration licence]

2. **IBM Registration Number**

3. **Unique IBM Concession Number of ²⁰¹[composite licence]
²⁰²[or exploration licence]**

(Field will be disabled if the case is that of ML)

4. **Mining Lease Code**

5. **Mine Code**

6. **Name of the mineral or minerals for which ²⁰³[composite licence] ²⁰⁴[or exploration licence] /mining lease has been granted:**

(Information will be system generated. Linked with Entry 4 and 5 of Form 'K'.)

7. **Name and address of the mineral concession holder**

(Information will be system Generated. Linked with Entry 4 and 5 of Form 'K'.)

¹⁹⁷ Substituted by G.S.R.780(E) dated 3rd November, 2021

¹⁹⁸ Inserted by G.S.R. 51(E), dated 21st January, 2024

¹⁹⁹ Substituted by G.S.R.780(E) dated 3rd November, 2021

²⁰⁰ Inserted by G.S.R. 51(E), dated 21st January, 2024

²⁰¹ Substituted by G.S.R.780(E) dated 3rd November, 2021

²⁰² Inserted by G.S.R. 51(E), dated 21st January, 2024

²⁰³ Substituted by G.S.R.780(E) dated 3rd November, 2021

²⁰⁴ Inserted by G.S.R. 51(E), dated 21st January, 2024

8. **Particulars of mineral concession**

(Information will be system generated. Linked with Entry 4 and 5 of FORM 'K'.)

9. **Location of the Mineral Concession**

(Information will be system generated. Linked with Entry 4 and 5 of FORM 'K'.)

10. **Name and address of the Transferee or Assignee**

Name	Address	Email	PAN number	Aadhar number	Passport number	Mobile number

11. **Letter number and date of transfer order issued by State Government**

²⁰⁵[SCHEDULE-II
[see rule 45(7A)]]

AMOUNT TO BE PAID IN CASE OF VIOLATION UNDER RULE 45

Item (1)	Amount (in ₹) (2)	Explanation (3)
Non-submission or incomplete/wrong/false information in monthly returns in Form F1, F2, F3; by the due date	In case of leases having leased area up to 25 hectare and having per annum approved production capacity up to 2 lakh tonnes, ₹5,000/- per day after due date of submission of return as specified in the Rule till rectification of violation. For all other cases, ₹10,000/- per day after due date of submission of return as specified in the Rule till rectification of violation.	In case of referred back returns by Indian Bureau of Mines for incorporating necessary corrections, to be undertaken by the lease holder, and if corrected within the allotted time limit and accepted thereafter by the Indian Bureau of Mines, no amount will be payable for the intervening period for such corrections.
Non-submission or incomplete/ wrong/ false information in annual returns in Form G1, G2, G3; by the due date	In case of leases having leased area up to 25 hectare and having per annum approved production capacity up to 2 lakh tonnes, Rs. 5,000/- per day after due date of submission of return as specified in the Rule till rectification of violation. For all other cases, ₹10,000/- per day after due date of submission of return as specified in the Rule till rectification of violation.	Failure to rectify in such cases will attract the payment as specified.;
Non-submission or incomplete/wrong/false information in monthly returns in Form L; by the due date	₹5,000/- per day after due date of submission of return as prescribed in the Rule till rectification of violation.	
Non-submission or incomplete/wrong/false information in annual returns in Form M; by the due date	₹5,000/- per day after due date of submission of return as prescribed in the Rule till rectification of violation.	

²⁰⁵ Substituted by G.S.R. 51(E), dated 21st January, 2024

²⁰⁶[SCHEDULE-III
[see rule 62(2)]

Rules whose contravention shall be punishable with fine

Rule No.	Marginal heading of the Rule	Amount of Fine for leases having leased area up to 25 hectare and having per annum approved production capacity up to 2 lakh tonnes (in ₹)	Amount of Fine for the cases other than those covered in column (3)(in ₹)
(1)	(2)	(3)	(4)
Sub-rule (4) of rule 11	Mining operations under mining lease	1,000/- per day, subject to maximum 5,00,000/-	2,000/- per day, subject to maximum 5,00,000/-
12	Prospecting and mining operations	1,00,000/-	5,00,000/-
18	Beneficiation studies to be carried out	1,00,000/-	5,00,000/-
19	Machinery and plant	1,00,000/-	5,00,000/-
20	Notice for opening of mine	1,00,000/-	5,00,000/-
23	Submission of progressive mine closure plan	1,00,000/-	5,00,000/-
28	Notice of temporary discontinuance of work in mines and obligations of lease holders	1,00,000/-	5,00,000/-
29	Intimation of reopening of a mine	1,00,000/-	5,00,000/-
46	Notice of certain appointments	1,000/- per day, subject to maximum 1,00,000/-	2,000/- per day, subject to maximum 1,00,000/-
51	Notice of amalgamation of mining lease	1,000/- per day after due date as prescribed in the Rule, subject to maximum 1,00,000/-	2,000/- per day after due date as prescribed in the Rule, subject to maximum 1,00,000/-
55	Employment of geologists and mining engineers	1,00,000/-	5,00,000/- ²⁰⁶ .
